Cao University Medical Centres 2015-2017

1 April 2015 - 1 January 2018

Adopted in the LOAZ on 9 September 2015
Inclusive supplementary agreement of 22 October 2015 and
supplementary Partial Agreement of 28 August 2017

Introduction

This is the ninth edition of the collective agreement for university medical centres (Cao UMC) setting out the employment status of all employees of the eight UMCs. Until 1 June 2005 the Cao was known as the collective agreement for university hospitals (Cao AZ).

For the six public UMCs, the Cao UMC is formally a public-law employment status regulation. In a formal legal sense, the collective agreement for the Radboud University Medical Centre (Radboud UMC) and the Vrije Universiteit Medical Centre (VUmc) is a Cao within the meaning of the Collective Agreements Act.

Where necessary in connection with their private-law status, separate articles or chapters are inserted which are applicable only for employees of the Radboud UMC and the VUmc. The relevant articles/chapters have an additional 'a' in the numbering either to distinguish them from the corresponding article that applies for the six public UMCs or to signify an additional provision that does not apply to the public UMCs. These articles are also highlighted in grey.

If the application of an article in the Cao is excluded, the same applies for the sections of that article.

The terms of the Cao apply for all employees of the eight UMCs to the extent that they are employed by virtue of a letter of appointment or a contract of employment, unless otherwise agreed between the governing board and the unions in the LOAZ. This means that, apart from some specific exceptions, a uniform package of terms of employment applies within the area of competence of the governing board.

Please note that local regulations apply in addition to the rules included in the Cao booklet. The Cao UMC leaves scope for local interpretation and implementation on some topics. There may also be local regulations arising from historical (transitional) situations, mergers, reorganisations, etc.

This edition of the collective agreement has been revised on the basis of the Agreement on a Cao UMC 2015-2017 (NFU 15.7537) and on the basis of the supplementary agreement to the Cao UMC 2015-2017 concluded between the NFU and the Ambtenarencentrum and the CMHF relating to the allowance for pension top-ups (NFU-15.12426). The ACOP and CCOOP have not agreed to this supplementary agreement. The supplementary agreements leads to the insertion of subparagraph d of paragraph 1 and paragraph 5 in Article 3.3.2, covering the purposes for which an extra personal budget can be used, and to amendment of scales 16, 17 and 18 in appendix A with effect from

1 January 2015, amendment of the scales for university medical specialist (UMS), professor /medical specialist (H/MS) and professor, professor /head of department (H, H/A) in appendix C with effect from 1 January 2015 and the deputising allowance on scales 16, 17, 18, UMS, H/MS and H,H/A, with effect from 1 January 2015.

This Cao edition has also been revised on the basis of the supplementary Partial Agreement to the Cao UMC 2015-2017 relating to the 'Wage Space Agreement' (NFU-17.9033) of 28 August 2017 concluded between the NFU and the four unions of government staff.

Unless otherwise stated, this publication sets out the terms of employment as they apply from 1 April 2015.

 - c the functions of student intern, guest lecturer and simulation patients. In this chapter of the cao, a student intern is defined as a student who is employed to provide support in teaching activities and/or to assist in research or care on the basis of a contract of employment.

- 2 Employees shall receive their remuneration each month for the hours they have actually worked.
- 3 Employees with a zero-hours contract are obliged to respond to a call to perform work, having regard to the provisions of the fourth and fifth paragraphs.
- 4 The employer shall make agreements with employees with a zero-hours contract regarding the extent to which and the days and times at which the employee can be assigned work.
- 5 The employee shall be called up at least 24 hours prior to the time at which he must perform the work.
- 6 During illness or incapacity, an employee's remuneration, as referred to in Article 8.5, shall be the average remuneration that he received in the twelve calendar months preceding the first day of sick leave. If the employee has not yet been employed for 12 months, the calculation shall be based on the period for which he has been employed.
- 7 The employee's holiday entitlement as referred to in Article 7.1.1 shall be determined on the basis of the hours that have actually been worked.
- 8 A zero-hours contract that exists on or after 31 December 2015 and does not comply with the criteria in paragraph 1 shall remain valid, with the proviso that, at the employee's request, the contract shall be converted into a contract for a fixed number of hours per year and an average number of hours per week, subject to the following conditions. The employee may make the request if he has worked for the employer in six calendar months in the period of twelve calendar months preceding the request. The fixed number of hours shall be equal to the number of hours that the employee has worked in that twelve-month period. The employer shall agree to the employee's request for conversion of the zero-hours contract into a contract with a fixed number of hours per year, unless a major commercial interest dictates otherwise. The employer may assign the employee to a flexpool for the purposes of the performance of the contract with a fixed number of hours per year.
- 9 The employer shall consult the works council at least once a year regarding the use of zero-hours contracts in light of the fact that in the opinion of the parties to the cao zero-hours contracts must not lead to the displacement of persons in the established permanent jobs.

Article 2.4.3 **For specific work**

- 1 The employer may conclude an employment contract for a specified period with an employee for the performance of specific work.
- 2 The maximum term of an initial contract for specific work is five years. This period may be immediately extended not more than once by a period not exceeding six months without giving rise to a contract of employment for an indefinite period.
- 3a Instead of the second sentence of paragraph 2, Article 668a, paragraph 3 of Book 7 of the Netherlands Civil Code shall apply for Radboud UMC and VUMC (see Appendix O).
- 4 The employer shall if possible notify the employee in writing not later than two months before the expiry of the period for which the employment contract was concluded whether the employment contract shall end by operation of law, shall be extended or shall be followed by a contract for an indefinite period.
- 4a The provisions of paragraph 4 are not applicable to Radboud UMC and VUMC, for which the statutory rules on notice of termination in Article 668 of Book 7 of the Netherlands Civil Code (see Appendix O) shall apply.

Article 2.4.4 Education

- 1 The employer may conclude an employment contract for a specified period with the employee for the term of a period of education.
- 2 The employer shall as soon as possible notify the employee in writing whether the employment shall end by operation of law or shall be followed by an employment contract for a specified or an indefinite period.
- 2a The provisions of paragraph 2 are not applicable to Radboud UMC and VUMC, to which the statutory rules on notice of termination in Article 668 of Book 7 of the Netherlands Civil Code (see Appendix O) shall apply.
- 3 An employment contract for the term of a period of education shall be extended by the term of an employee's period of maternity leave to the extent that it is necessary for the completion of the education.
- 4 If the employee who is going to follow education in the employer's UMC already has an employment contract for an indefinite period with the employer, in derogation from paragraph 1 no contract for the term of a period of education shall be concluded with the employee and the employment contract for an indefinite period shall be continued.

Article 2.4.5 Successive employment contracts for a specified period and for specific work

- 1 A fixed-term contract ends by operation of law on expiry of the period for which the contract was concluded. The succeeding fixed-term contract also ends by operation of law, it being understood that in the event of a series of fixed-term contracts the last contract in the series shall, at some point, be deemed to have been concluded for an indefinite period.
- 2 From the day on which a series of fixed-term contracts comprises more than three fixed-term contracts, the fourth contract shall be deemed to have been concluded for an indefinite period.
- 3 From the day on which the total duration of a series of fixed-term contracts exceeds a period of three years, the last contract shall be deemed to have been concluded for an indefinite period.
- 4 From the day on which the total duration of series of contracts for specific work exceeds a period of five years, the last contract shall be deemed to have been concluded for an indefinite period. However, after expiry of this maximum period of five years, the contract may immediately be extended once by a maximum term of six months without this resulting in a contract for an indefinite period, provided that the maximum six-month extension is agreed in order to finish a specific project and the maximum number of three temporary contracts as referred to in paragraph 2 is not exceeded.
- 5 A series of temporary contracts is interrupted if there is an interval of more than three months between two fixed-term contracts. If a series of fixed-term contracts is interrupted, the counting of the maximum number of temporary contracts and the maximum duration of a series of temporary contracts will start again.
- 6 Intervals of no more than three months in a series of temporary contracts shall not count towards the total maximum term of three or five years that a series may cover.
- 7 If a series of temporary contracts comprise one or more contracts for specific work as well as one or more contracts for a specified period, the series is subject to the rules governing a series of contracts for specific work as referred to in this article.

- 8 The duration of a fixed-term contract by way of probation as referred to in Article 2.4.1 or for educational purposes as referred to in Article 2.4.4 will not count towards the duration of the series or the number of temporary contracts as referred to in paragraphs 2, 3 and 4.
- 9 The provisions contained in this article also apply to consecutive contracts with different employers if those employers must reasonably be regarded as each other's successors in light of the work that is performed.

Article 2.4.5a Successive employment contracts for a specified period

- 1 The rules laid down in the following paragraphs of this article apply for a series of employment contracts for a specific period at Radboud UMC and VUMC where the last contract in the series was concluded on or after 1 July 2015 and ends on or after 1 April 2016. Article 2.4.5 in the cao UMC 2013-2015 remains applicable to other series of contracts for a specified period at Radboud UMC and VUMC by virtue of that earlier cao; this is due to Article XXIIe of the Work and Security Act (transitional provisions concerning successive employment contracts). The rule in paragraph 6 of this article concerning the interval that interrupts a series of employment contracts for a specified period therefore applies for intervals that are continuing on 1 April 2016 or intervals that commence after 1 April 2016. Article 2.4.5, paragraph 5 of the cao UMC 2013-2015 shall continue to apply to intervals that have commenced or ended before 1 April 2016 by virtue of that cao.
- 2 A contract of employment for a specified period ends by operation of law on expiry of the term for which the contract was concluded. The succeeding fixed-term contract also ends by operation of law, it being understood that in the event of a series of fixed-term contracts the last contract in the series shall, at some point, be deemed to have been concluded for an indefinite period.
- 3 From the day on which a series of fixed-term contracts comprises more than three fixed-term contracts, the fourth contract shall be deemed to have been concluded for an indefinite period.
- 4 From the day on which the total duration of a series of fixed-term contracts exceeds a period of 24 months, the last contract shall be deemed to have been concluded for an indefinite period.
- 5 In accordance with the provisions of Article 668a, paragraph 3, of Book 7 of the Netherlands Civil Code, paragraph 4 does not apply to a contract of employment that has been concluded for a period not exceeding three months which immediately succeeds a first employment contract concluded for 24 months or longer between the same parties.
- 6 A series of temporary contracts is interrupted if there is an interval of more than six months between two fixed-term contracts. If a series of temporary contracts is interrupted, the counting of the maximum number of fixed-term contracts and the maximum duration of a series of fixed-term contracts will start again.
- 7 Intervals of no more than six months in a series of fixed-term contracts will count towards the total maximum term of 24 months that a series may cover.
- 8 The intrinsic nature of the business operations of the UMCs requires a derogation from the maximum of three successive contracts in a series of fixed-term contracts referred to in paragraph 3 and/or the 24-month period referred to in paragraph 4 for the following jobs or

- function groups. The reasons for each variance are given in a footnote.
- 9 The 24-month period referred to in paragraph 4 will be extended to 48 months if the fixed-term employment contract is concluded for any of the following jobs or function groups:
- a researchers, if the job is exclusively or primarily concerned with research that depends on temporary financing for a specific project;¹
 - b jobs in which the core task is to manage or assist in the completion of major projects/programmes, such as project leader, project manager, programme director, project adviser, project staff and project secretary;²
 - c scientific functions that constitute steps in a so-called ‘tenure track’ ultimately aimed at securing appointment to a more senior academic position, provided that the tenure track is documented in writing in the context of the conclusion of the employment contract.³
- 10 If a fixed-term contract is concluded with an employee as a holiday worker, the maximum of three fixed-term contracts in the series of temporary contracts will be increased to six.⁴

¹ Scientific research and research projects at the UMCs are often project-driven, with temporary financing, which creates uncertainty about whether the funding can continue after completion of the project or on expiry of the period for which the financing has been (initially) awarded. If the funding is discontinued, there will be no funds to continue employing the personnel involved in the research. The intrinsic nature of the business operations therefore requires a derogation from the statutory rules on series of employment contracts for the jobs referred to in Article 2.4.5a, paragraph 9, sub-paragraph a).

² A project is a combination of activities separate from the normal business operations and designed to enable a project team or unit to produce something new within clearly defined parameters. A project is limited in terms of duration and funding. Given the nature and size of the organisations, the UMCs regularly carry out major projects, that is to say projects for periods of longer than 24 months. Examples include the implementation of a new ICT system or the construction of a new building. On termination of the project, the jobs and the funding for the project come to an end. The intrinsic nature of the business operations (in relation to projects) therefore requires a derogation from the statutory rules on series of employment contracts for the jobs referred to in Article 2.4.5a, paragraph 9, sub-paragraph b).

³ A tenure track is shaped in part by successive fixed-term employment contracts, whereby at the end of each contract there is an assessment of whether the ultimate objective, appointment to a senior academic position, is attainable within the term of the tenure track. If not, there will be no succeeding employment contract since the purpose of the employment contract has lapsed. It is then possible to offer a position on a tenure track to another employee. Tenure tracks usually last longer than 24 months. In that context, the intrinsic nature of the business operations requires a derogation from the statutory rules on series of contracts for academic functions as part of a tenure track.

⁴ A holiday worker is only used during school holidays. The holiday worker usually performs the work of employees who are absent on holiday. The interval between school holidays is less than six months. The intrinsic nature of the business operations requires that the fourth employment contract for a holiday worker should not automatically lead to a contract for an indefinite period for that employee, for whom there is no work outside the school holidays.

- 11 If a fixed-term employment contract is concluded with a student intern, the maximum of three fixed-term contracts in the series of temporary employment contracts referred to in paragraph 3 shall be increased to six and the 24-month period referred to in paragraph 4 shall be extended to 48 months.⁵
- 12 The rules on series of employment contracts in this article and Article 668a of Book 7 of the Netherlands Civil Code are not applicable to fixed-term employment contracts that have been concluded solely or primarily for the employee’s education as:
- a a doctor in training as a specialist (AIOs);
 - b a doctor in training as a specialist and clinical researcher (AIO-SKO);
 - c the employee who has completed the training as a specialist and is now receiving further training as a fellow in (specific aspects of) a medical specialisation;
 - d trainee researchers (OIO) or PhD students;
 - e trainee students as referred to in chapter 16 of this cao;
 - f trainee employees as referred to in chapter 17 of this cao;
 - g employees who are following a health care course recognised by the College Zorg Opleidingen (CZO);
 - h employees who are following a course listed in the Central Register of Professional Courses (CREBO) or the Central Register of Courses in Higher Education (CROHO).
- 13 The provisions of this article apply *mutatis mutandis* to successive employment contracts with different employers if if those employers must reasonably be regarded as each other’s successors in light of the work that is performed.

Article 2.4.6 Extension of fixed-term contract

- 1 If the employee continues to work with the apparent approval of the employer after the expiry of the term for which the employment contract was concluded, the employment contract shall be deemed to have been concluded again for the same period, although never for more than one year, and under the same conditions.
- 1a Instead of paragraph 1, the statutory rules in Articles 668, paragraph 4 of Book 7 of the Netherlands Civil Code (see Appendix O) apply for Radboud UMC and VUMC. The consecutive contract as referred to in the first paragraph shall count towards the number of temporary contracts and duration of the series of temporary contracts as referred to in Article 2.4.5.

⁵ The employment contract of a student intern is concluded for a specified period, for example for the period of an academic year. The interval between academic years is less than six months. A student internship can last longer than 24 months. Termination of the internship is connected with the student’s graduation. In that context, the intrinsic nature of the business operations requires that the student intern should not automatically receive an employment contract for an indefinite period with the fourth contract or after 24 months in the series, since the student intern’s position will then at some point be filled by a non-student or by a student who is not at an appropriate stage of his studies for the work.

Article 2.4.7 Unsalaries employee

- 1 The employer, with the exception of VUMC and Radboud UMC, may conclude an employment contract for a specified period with an employee as an unsalaried employee.
- 2 The employment contract of the unsalaried employee shall not count towards the series of employment contracts as referred to in Article 2.4.5.

Article 2.4.8 Holiday workers

- 1 Holiday workers shall have a fixed-term contract, as referred to in Article 1.1 of this Cao.
- 2 Holiday workers shall be paid no less than the minimum wage corresponding to their age.
- 3 As far as all other rights and obligations of holiday workers are concerned, reference is made to the relevant legislation of the Ministry of Social Affairs and the Netherlands Civil Code, all of which must be complied with as a minimum.

Article 2.5 Written record of employment

- 1 The employee shall, if possible before commencing employment, be provided with a contract of employment or letter of appointment and a copy of this CAO.
- 2 The contract of employment or letter of appointment shall include at least the following elements:
 - a the name, first name(s) and date of birth of the employee;
 - b the commencement date of the employee's employment;
 - c the name of the UMC, together with the location where the work will be performed;
 - d whether the employment contract is for a specified period or an indefinite period;
 - e in the case of a temporary contract: the article/statutory provision on which the contract is based and the term of the contract;
 - f the employee's job;
 - g the salary scale for the job;
 - h the salary number assigned to the job in the relevant salary scale;
 - i the number of annual working hours under the employment contract;
 - j the employee's salary;
 - k a provision stating that this CAO constitutes an integral part of the employment contract or the letter of appointment.

Article 3.1 Training and development

- 1 The employee is entitled to the personal development and training required to enable him to perform his job adequately.
- 2 The employee is entitled to the training and education needed to perform a job other than his own if that job fits in with his career prospects and appropriate agreements have been made.
- 3 The employer shall provide the employee with such support with respect to the provisions of the preceding paragraphs as can reasonably be demanded of it.
- 4 The agreements on training and development may be made during the annual interview or at other times. Such agreements shall relate to how and when training and education shall be provided and shall be recorded in writing.
- 5 The employer may decide to allow an employee to follow training and education as part of an investigation as referred to in Article 12.8/12a.8 (termination of contract of employment due to reorganisation), Article 12.10/12a.10 (termination of employment due to illness) or Article 12.11 (dismissal on other grounds).
- 6 The costs and the time involved in the training referred to in the first and fifth paragraphs shall be borne by the employer to the extent that they can actually and within reason be attributed to the training.
- 7 Unless otherwise agreed, the employee shall bear half of the costs and the time involved in the training referred to in the second paragraph to the extent they can actually and within reason be attributed to the training.

Article 3.1.1 Costs

Costs within the meaning of Articles 3.1 to 3.1.4 include:

- a tuition fees, enrolment costs and excursion costs;
- b travel expenses, so long as the training or education is followed outside the place where the employee lives or works: on the basis of the lowest class of public transport;
- c costs of sitting exams;
- d costs of purchasing prescribed books and study materials;
- e costs of accommodation, in accordance with the provisions of Article 5.1.4.

Article 3.1.2 Allowance for training costs

- 1 Employees who wish to qualify for (partial) reimbursement of the education and training costs referred to in the first, second or fifth paragraphs of Article 3.1 must submit a written estimate of the costs (total costs on an annual basis) to the UMC together with a declaration that he is aware of the obligation concerning repayment of all or part of the costs referred to in Article 3.1.3.
- 2 The employer shall decide on a request for reimbursement of the costs. Further conditions may be attached to a decision to reimburse the costs.
- 3 The costs based on the first and fifth paragraphs of Article 3.1 shall in principle be paid directly to the training institute.
- 4 The costs based on the second paragraph of Article 3.1 shall in principle be reimbursed afterwards to the individual concerned.

Article 3.1.3 Repayment obligation

- 1 An employee is obliged to repay any costs for training and education paid to them if:
 - a his employment is terminated before the course has been successfully completed;
 - b the course is not successfully completed for reasons which can in the opinion of the employer be ascribed to the employee;
 - c the employee resigns, is dismissed or is discharged within a period of two years of the date on which the study was successfully completed.
- 2 The repayment obligation referred to in the first paragraph shall be limited:
 - a in cases referred to in the first paragraph under a. and b. to the amount that was paid over the period of two years prior to the date on which the relevant circumstance occurred;
 - b in the case referred to in the first paragraph under c., for every month by which the period specified there has not been reached: to 1/24th of the amount that was paid in the period of two years preceding the date on which the study was completed.
- 3 The repayment obligation referred to in the first paragraph does not apply in the cases referred to under a. and c. if:
 - a at the time of the discharge the employee is immediately entitled to a pension or to an unemployment benefit;
 - b the discharge is followed by a new employment contract with another UMC or medical faculty.

Article 3.1.4 Hardship clause

In exceptional cases of manifest unreasonableness, the employer shall depart from the provisions of Articles 3.1 to 3.1.3 inclusive.

Article 3.2 Personal budget

- 1 Employees born on or after 1 January 1950 are entitled to a personal budget. The personal budget belongs to the employee and is intended to promote the employee's personal development, with the aim of sustainable employability.
- 2 In derogation from the provisions of the first paragraph, an employee who meets the criteria laid down in Article 6.1.4 paragraph 1 and paragraph 11 of the Cao UMC 2007 (reduction of working hours for employees in direct patient care) is entitled to a personal budget if he was born on or after 1 January 1953 (see appendix N).
- 3 In derogation from the provisions of the first paragraph, an employee who meets the criteria laid down in Article 12(a).4.2 paragraph 1 of the Cao UMC 2007 (pre-FPU for specific physically demanding jobs) is entitled to a personal budget if he was born on or after 1 January 1949 (see appendix N).

Article 3.2.1 Amount

- 1 The personal budget is created by the monthly accrual of an amount based on the salary to which the employee is entitled in that month.
- 2 The amount that can be accrued for the personal budget is 1.3% of the salary in 2013 and 1.5% from 1 January 2014.

- 3 In derogation from the provisions of the second paragraph, employees born in 1958 to 1962 inclusive shall accrue 1.8% of the salary for the personal budget. For these employees, the budget of 1.8% will only be increased when the accrual of the budget for employees born in 1963 or later amounts to more than 1.8% of the salary.
- 4 Salary that is used by the employee as a contribution to the life-course savings scheme or as a source for participation in a scheme as referred to in Article 18.3 (money for entitlements in kind or extra pension) shall be regarded as part of the salary for the purpose of calculating the monthly accrual of the budget.
- 5 During the second year of illness the amount accrued for the personal budget shall be based on 70% of the salary for the part of the year that the employee is sick. The accrual of the personal budget shall be 100% on the salary for the part of the year that the employee is not sick.

Article 3.2.2 Purposes for which the personal budget can be used

- 1 The employer shall pursue a generous policy with respect to the allocation of the personal budget for development, training, and sustainable employability. Key terms are individual responsibility and freedom of choice for employees. As far as possible, the use of the personal budget shall be untaxed.
- 2 The time needed for development financed from the personal budget shall be at the expense of the employee.
- 3 Employees may use the personal budget for study leave. For the purposes of conversion, a personal budget of 0.8% of the annual salary shall be treated as equivalent to 15 hours of study leave, or two days for academic medical specialists.
- 4 From 1 January 2016, employees with a contract as a medical specialist in training as referred to in Article 13.4, paragraph 2, may only use the personal budget for educational purposes.
- 5 Employees may use the personal budget to buy 15 extra hours of leave or, in the case of academic medical specialists, 2 days of leave. For the purposes of conversion, a personal budget of 0.8% of the annual salary shall be treated as equivalent to 15 hours of leave or, in the case of academic medical specialists, two extra days of leave. Employees must indicate before the start of a new calendar year whether they wish to use their personal budget to buy extra leave.
- 6 Employees may opt to use the personal budget for the costs of registering or re-registering with non-mandatory (quality) registers.
- 7 The development to be financed from the personal budget is in addition to the education and training referred to in Article 3.1 (training and development) and Article 13.4 (education, training and training costs).
- 8 At the employee's request, the personal budget may be used to pay union dues and/or the contribution to his professional association.
- 9 Because it is contrary to the original intention, whereby the emphasis is on development, a very conservative policy shall be adopted towards the use of the personal budget for consumer goods and hobbies. However, the personal budget may be used to purchase professional literature and ICT tools.

- 10 The purposes for which the personal budget can be used shall be discussed in the annual appraisal. Employees shall make a proposal for the use of their personal budget, with an explanation of the reasons. The proposal shall set out how it will increase the employee's permanent employability, as appropriate to his personal needs.
- 11 The application for and the agreements on the use of the personal budget shall be made in writing.

Article 3.2.3 Prefinancing and termination of employment

- 1 An employee may prefinance part of his expenditure from the personal budget to be accrued by him in the same year.
- 2 An employee who leaves employment and has spent more than he has accrued in his personal budget must reimburse the employer for the surplus.
- 3 The employer shall give an employee who is leaving employment the opportunity to use his personal budget for development before the end of his employment.
- 4 An employee who enters employment with another UMC after leaving employment may take his personal budget with him.
- 5 The unused balance of the personal budget shall lapse on the death of the employee.

Article 3.2.4 Maximum amount of personal budget

- 1 In 2013 the maximum amount that can be accrued in the personal budget is 24 times 1.3% or – in the case of an increased personal budget – 1.8% of the monthly salary on 1 January 2013 on a full-time basis, and the maximum balance of the personal budget that can be accrued in accordance with the second paragraph of Article 3.2.1 and the increased personal budget in accordance with the third paragraph of Article 3.2.1 shall be 200% of the annual accrued personal budget converted to the salary in full-time employment in the current year. From 1 January 2014 the maximum amount that can be accrued in the personal budget shall be 36 times 1.55% or – in the case of an increased personal budget – 1.8% of the monthly salary on 1 January of the current year on a full-time basis and the maximum balance of the personal budget that can be accrued in accordance with the second paragraph of article 3.2.1 and the increased personal budget in accordance with the third paragraph of article 3.2.1 shall be 300% of the annual accrued personal budget converted to the salary in full-time employment in the current year.
- 2 If the maximum specified in the first paragraph of this article is exceeded, no further personal budget or increased personal budget may be accrued.
- 3 The employee may make agreements with his manager to accrue a higher balance than stipulated in the first paragraph of this article. This agreement must be made in writing during the annual appraisal and may only be made if the balance referred to in the first paragraph of this article is inadequate for the purpose for which the employee wishes to use the personal budget. If the personal budget cannot be used for the intended purpose, agreements shall be made between the manager and the employee on the use of the entire personal budget that has been accrued. If the employee fails to cooperate in making new agreements, the rules on the maximum budget in the first paragraph shall take effect.

Article 3.3 Extra personal budget

An employee who is entitled to a personal budget as referred to in Article 3.2, was born before 1958 and has not yet reached the age of entitlement to a state pension, is also entitled to an extra personal budget. The extra personal budget belongs to the employee and is intended to promote the employee's personal development, with the aim of sustainable employability.

Article 3.3.1 Amount

- 1 The extra personal budget is created by the monthly accrual of an amount based on the employee's salary in that month.
- 2 The extra personal budget shall be accrued from 1 January 2008 and shall amount to:
 - for employees born in 1950: 5.7% of the salary
 - for employees born in 1951: 5% of the salary
 - for employees born in 1952: 4.4% of the salary
 - for employees born in 1953: 4% of the salary
 - for employees born in 1954: 3.6% of the salary
 - for employees born in 1955: 3.3% of the salary
 - for employees born in 1956: 3% of the salary
 - for employees born in 1957: 2.9% of the salary
- 3 In derogation from the provisions of paragraph 2, for employees born in 1953 to 1957 inclusive who meet the criteria of Article 6.1.4 paragraph 1 and paragraph 11 of CAO-UMC 2007 (reduction of working hours for employees in direct patient care) the accrual of the extra personal budget is different and amounts to
 - for employees born in 1953: 5.7% of the salary
 - for employees born in 1954: 5% of the salary
 - for employees born in 1955: 4.4% of the salary
 - for employees born in 1956: 4% of the salary
 - for employees born in 1957: 3.6% of the salary
- 4 In derogation from paragraph 2 and paragraph 3, for employees who meet the criteria of Article 12(a).4.2 paragraph 1 of CAO-UMC 2007 (pre-FPU for specific physically demanding jobs) the accrual of the extra personal budget is different and amounts to
 - for employees born in 1949 to 1953: 5.7% of the salary
 - for employees born in 1954: 5% of the salary
 - for employees born in 1955: 4.4% of the salary
 - for employees born in 1956: 4% of the salary
 - for employees born in 1957: 3.6% of the salary
- 5 The accrual of the extra personal budget in accordance with paragraphs 3 and 4 shall end at such time as an employee no longer meets the criteria set out in paragraphs 3 and 4. The employee shall accrue the extra personal budget applicable to the specific category of employees for as long as he remains in the same job. As soon as he moves to another job, the employee will accrue extra personal budget in accordance with paragraph 2. The extra personal budget accrued on the basis of the former job shall be retained.
- 6 The maximum amount that may be accrued for the personal budget after 2010 for employees

who receive an extra personal budget is 1% of the salary.

- 7 Salary that is used by the employee as a contribution to the life-course savings scheme or as a source for participation in a scheme as referred to in Article 18.3 (money for entitlements in kind or extra pension) shall be regarded as salary for the purpose of calculating the extra personal budget.
- 8 During the second year of illness the amount accrued for the personal budget shall be based on 70% of the salary for the part of the year that the employee is sick. The accrual of the personal budget shall be 100% on the salary for the part of the year that the employee is not sick.
- 9 During parental leave or care leave the extra personal budget will be accrued on the reduced salary.

Article 3.3.2 Purposes for which the extra personal budget can be used

- 1 The extra personal budget is to be used to promote sustainable employability. Employees may use the extra budget for one or more of the following purposes:
 - a entitlement to reduction of the standard annual hours at the same salary;
 - b entitlement to a deposit in the life-course savings scheme;
 - c entitlement to buy additional pension provided the pension regulations allow it;
 - d entitlement to a contribution towards the premium for a net pension or net annuity scheme concluded by the employee as referred to in Chapter 5.3B of the Income Tax Act⁶;
 - e entitlement to use it for development and/or training leave.
- 2 The employer shall impose the fewest possible restrictions on the use of the extra personal budget. As far as possible, it shall be untaxed.
- 3 The time needed for development financed from the extra personal budget shall be at the expense of the employee. However, educational leave can also be financed from the extra personal budget.

- 5 The contribution towards the premium for a net pension or net annuity scheme concluded by the employee shall be paid to the employee subject to deduction and payment of the statutory taxes on salaries.⁶ The choice of this purpose relates to the contribution for the calendar year in which the employee makes that choice. The employee and the manager shall initial the report to signify their approval or, in the absence of agreement, to signify that they have seen it.
- 2 If agreements are made during the annual appraisal interview concerning the employee's personal development, a plan shall also be drawn up for their implementation. The interests of the institution must also be considered as a relevant factor in the plan. The plan may be revised if a change in the circumstances requires it.
- 3 Any agreement made by the employee and the manager on a specific training activity must be implemented as soon as possible, but in any case within three years.

Article 3.8 Temporary alternative work

The employer may temporarily require the employee to perform alternative work, as long as the work can reasonably be assigned to him. However, the employer may not oblige him to perform work instead of strikers, unless the continuity of the health care and/or safety urgently requires it.

Article 4.1 Payment

- 1 The employer shall pay the employee's salary on a monthly basis.
- 2 The salary is a monthly sum that is included in one of the salary scales listed in appendices A, B, C and D of this Cao. The monthly amounts stated in the salary scales will be increased permanently by 1% on 1 August 2015 and by 1% on 1 August 2016 and by 1.55% on 1 August 2017. These salary increases have been incorporated in the salary scales shown in annexes A, B, C and D. The monthly sums are rounded off to full euros.
- 3 In August 2015, the employer shall pay the employees a lump-sum bonus of 0.8% of 12 times the salary in April 2015. This bonus will be paid to employees who were on the payroll in the month of April 2015 and are still on the payroll in August 2015. The minimum amount of the bonus will be € 350 on the basis of full-time employment. Employees with a min-max or zero-hours contract will be paid the bonus in proportion to the average part-time percentage for the period from February to July 2015 inclusive. The bonus shall not be included in the pensionable income.
- 4 In January 2016, the employer shall pay a gross lump-sum bonus of € 200 to employees who are on the payroll during that month, calculated on the basis of full-time employment. Employees with a min-max or zero-hours contract will be paid the bonus in proportion to the average part-time percentage for the period from July to December 2014 inclusive. The bonus shall not be included in the pensionable income. The employer shall pay in December 2017 the employees who are employed in that month a gross lump-sum bonus of € 250, calculated on the basis of full-time employment. Employees with a min-max or zero-hours contract will be paid the bonus in proportion to the average part-time percentage for the period from June to November 2017 inclusive. This lump-sum bonus shall be included in the pensionable income.
- 5 If the salary is lower than the monthly amount of the minimum wage for employees of the same age, contrary to the second paragraph, the employer shall pay the relevant employees the minimum wage, or award him an allowance in the amount of the difference.
- 6 The employer shall pay employees who have been employed for part of a year the salary each month on the basis of the average working hours, these being the number of working hours in that year divided by the number of months that he has been employed in that year.
- 7 Employees shall not receive any remuneration for the time when they intentionally fail to perform their work in breach of their obligations.
- 8 The remuneration of an employee shall not be paid longer than up to and including the day of his death.

- 2 FUWAVAZ does not apply to jobs of employees referred to in chapters 13, 14, 15, 16 and 17 or to other physician posts or to the jobs of students. Specific salary scales apply for physicians, students and researchers in training; otherwise the employer shall determine their salary

scale in keeping with the remuneration system at the UMC.

- 3 Jobs shall be graded according to job descriptions. A job description is a description of the content of the job such that the relevant salary scale can be determined using the FUWAVAZ system.
- 4 If a position consists of a combination of jobs with different gradings from two job families, the scale for the job with the higher grade shall only apply if the employee spends at least half of his current working hours performing all the duties pertaining to that job in full.
- 5 The employer may decide to define the content of a job in terms of a FUWAVAZ reference job if it adequately describes the tasks assigned to the employee. In that case, the salary scale for that reference job shall apply.

Article 4.2.1 Procedure for lodging an objection

- 1 An employee who objects to the grading of his job may use the UMC's procedure for lodging an objection to ask the employer to adopt a different grading. In handling objections to job gradings the employer shall receive advice from an advisory committee in which at least two of the members are experts in the field of job grading.
- 2 Before issuing its advice on the grading of the job, the advisory committee shall submit its draft recommendation to a national job grading expert designated by the NFU. This expert shall investigate whether the draft recommendation is based on a correct interpretation of the FUWAVAZ system and notify the local advisory committee of his findings within four weeks, subject to the possibility of a two-week postponement.
- 3 The local advisory committee shall attach the findings of the national job grading expert to its own recommendation.

Article 4.3 Placement on the salary scales and salary guarantee scheme

- 2 On commencing employment the employee shall be awarded the salary that is denoted behind salary number 0 in his salary scale.
- 3 The employer may decide, stating reasons, that the employee cannot yet fully perform the duties of the position assigned to him because he does not yet meet the requirements for the job. In that case the employee may be placed in the next lower salary scale. A training programme shall also be agreed. If the employer decides to make use of this alternative, he shall inform the employee in advance of the criteria by which and the time at which he will evaluate whether the job can be fully assigned to the employee.
- 4 The employer may depart from the provisions of the second and fourth paragraphs by awarding a higher salary.
- 5 An employee who is transferred to a different job with a salary scale that has a lower maximum salary than the scale he is already on shall in any case retain his salary. If that salary is higher than the maximum on the new salary scale, he shall receive the difference in the form of an allowance. The allowance shall also be increased in the event of a general salary increase. An employee who is transferred to a different job on or after 1 April 2015 and

who had not yet reached the maximum on his former scale shall also retain the difference in his former scale by means of an increase in the allowance in accordance with the system described in Article 4.3.1, paragraph 4.

- 6 The fifth paragraph does not apply:
 - a if the employer has informed the employee in writing that his job is temporary and that the salary scale in which he is placed shall therefore also only apply temporarily;
 - b if the employer transfers the employee to a job with a lower salary in connection with incapacity to perform his work due to illness.
 - c if the lower scale is the result of a transfer as a disciplinary measure as referred to Article 11.2, paragraph 1 under c of this cao;
 - d if the employee requests and accepts a transfer to a job on a lower scale (not being the result of a transfer arising from a change in the organisation or a reorganisation);
 - e if the employee accepts a job on a lower scale because he has been found to be unfit for his present job on the grounds of unsuitability for the current job demonstrated in writing by the employer and a programme of improvement has also not produced any results.
- 7 If the employee is 55 or older and voluntarily chooses to accept demotion to a job with a lower salary (not representing a reduction of salary due to shorter working hours), the employer shall ensure that the accrual of pension entitlements is the same as if the employee had retained his former salary. The premium shall be divided between the employer and the employee according to the usual percentages. The employer shall provide this option for as long as the ABP pension scheme regulations permit it.

Article 4.3.1 Salary increase

- 1 The employer shall increase the employee's salary to the next higher amount in the scale if the employer considers that the employee performs his duties satisfactorily.
- 2 The employer may increase the salary to a higher amount in the scale if the employer considers that the employee performs his duties very well or excellently.
- 3 No salary increase shall be awarded if the employer considers that the employee does not perform his duties satisfactorily.
- 4 So long as the employee has not reached the maximum salary in his current salary scale, the employer shall award the salary increases referred to in the first or second paragraph one year after the employee commences employment and subsequently every year.
- 5 The employer may depart from the terms of the fourth paragraph by awarding a salary increase earlier.

Article 4.4 End-of-year bonus

- 1 Employees are entitled to an end-of-year bonus of 8.3% of the basis of calculation applicable to the employee. The bonus shall be paid with the salary for November. Employees who leave employment before 1 November are also entitled to an end-of-year bonus. The bonus shall be paid in the month following the month in which the employment ended.
- 2 The end-of-year bonus shall be calculated over the sum of the salaries that the employee has received in the period from 1 December of the preceding calendar year up to and including 30 November of the current calendar year.

In 2015, the end-of-year bonus will be calculated over the period from 1 January 2015 to 30 November 2015.

- 3 The end-of-year bonus shall be calculated over at least the salary denoted behind salary number 10 in scale 7 in Annex A.

Article 4.5 Holiday allowance

- 1 Employees are entitled to a holiday allowance amounting to 8% of their remuneration.
- 2 For employees who are 22 or older, the holiday allowance shall be at least the monthly amount specified in appendix E.

- 4 If on the grounds of Article 8.5 (continued payment of remuneration) the employee receives 70% or 85% of his remuneration, he shall be deemed to have received 100% of his remuneration for the purposes of the first paragraph.

Article 4.5.1 Payment of holiday allowance

- 1 The holiday allowance shall be paid once a year over the period of twelve months commencing with the month of June in the preceding calendar year.
- 2 In the event of the dismissal of the employee payment shall be made over the period between the end of the last period for which the holiday allowance was paid and the date of the dismissal.

- 1 Employees are entitled to a bonus on reaching 25, 40 and 50 years of service amounting to 50%, 100% and 100% respectively of their remuneration in the month in which they reach the anniversary, plus the percentage of the hoparagraphay allowance. The amount shall be rounded off upwards to a multiple of € 2.
- 2 The number of years spent in civilian public service shall be decisive for determining the long-service anniversary.
- 3 Civilian public service shall also include time spent at a special university hospital or university.

Article 4.7 Allowances and bonuses

- 1 The employer may award employees an allowance or bonus. A cash allowance or bonus shall be paid together with the monthly salary, unless due to special circumstances the employer decides otherwise.
- 2 The employer shall withdraw an allowance if the grounds on which it was awarded no longer exist, unless in the opinion of the employer there are circumstances to justify maintaining all or part of the allowance.

Article 4.7.1 Job performance allowance

- 1 The employer may award a job performance bonus to an employee who has reached the

maximum salary on his salary scale if the employer considers that the employee has performed his duties very well or excellently.

- 2 The job performance bonus shall be granted for a period of one year. The employer may decide to award the bonus for a longer period if there are special circumstances justifying it.
- 3 The job performance bonus shall not exceed 10% of the employee's current salary.

Article 4.7.2 Allowance for deputising

- 1 If an employee temporarily deputises in a job for which a higher scale applies than for his own job, the salary scale for his own job shall continue to apply. The employer may award him an allowance for as long as he deputises in that job.
- 2 Substituting is defined as the temporary performance of a job other than the employee's own job on the instructions of the employer.

Article 4.7.2.1 Awarding of a substitution bonus

- 1 Employees are entitled to a bonus if they deputise in a position with a higher grade for at least thirty calendar days.
- 2 An employee who is required to deputise for someone else as part of his own job is only entitled to a substitution bonus if he fills the other position in full.
- 3 The substitution bonus shall be paid for the entire period for which the employee acts as substitute in the position.

Article 4.7.2.2 Full substitution

- 1 For full substitution, the substitution bonus is 5% of the mathematical average of the lowest salary number and the highest salary number on the salary scale for the job in which the employee is substituting. The amounts calculated by this method are laid down in appendix F of this CAO.
- 2 Full substitution is defined as deputising for someone in such a way that instead of his own job the employee performs the entire combination of activities of the job in which he is substituting and assumes the responsibilities attached to them.

Article 4.7.2.3 Partial substitution

The bonus for partial substitution amounts to 50% or 75% of the bonus for full substitution.

Article 4.7.3 Allowance for working irregular hours

- 1 Employees for whom any of scales 1 to 10 in appendix A or a salary scale in appendix D of this CAO apply are entitled to an allowance for the regular or fairly regular performance of work, other than as overtime, at times other than between 7.00 a.m. and 8.00 p.m. on Monday to Friday and between 8.00 a.m. and 12.00 p.m. on Saturday.
- 2 Until 1 January 2016, the allowance for working irregular hours shall not be regarded as remuneration for the purpose of paragraph 1 of Article 7.1 (awarding of holidays).⁷

⁷ Since 1997, the continued payment of the allowance for working irregular hours during holidays has been discounted in the calculation of the percentages shown in Article 4.7.3.1.

- 3 From 1 January 2016, the allowance for working irregular hours referred to in Article 4.7.3 shall also be paid during holidays. The employer shall determine an average amount for this payment on the basis of the allowances paid in the twelve calendar months preceding the month in which the employee takes holidays. Article 4.7.3.1 Calculation of allowance

Article 4.7.3.2 Sliding allowance

- 1 Employees whose remuneration is permanently reduced as a result of the termination or reduction of an allowance for working irregular hours through no fault of their own shall be awarded a sliding allowance.
- 2 Entitlement to a sliding allowance only exists if:
 - a the reduction amounts to at least 3% of the sum of the salary and any job performance allowance, and
 - b at the time of its termination or reduction the employee has been receiving the allowance for at least two years without any interruption of longer than two months.
- 3 The basis of calculation for the sliding allowance is the average monthly allowance for working irregular hours that the employee received over the twelve calendar months preceding the date on which the permanent reduction of his remuneration occurs less the total amount that he will subsequently receive each month in the way of an allowance for working irregular hours, an allowance on the basis of Article 4.7.3.5 or a salary increase other than by virtue of a general salary increase.
- 4 The sliding allowance shall be paid for a term equal to a quarter of the period for which the employee had received the allowance for working irregular hours, up to a maximum of three years.
- 5 The period stipulated for receipt of the sliding allowance in the fourth paragraph shall be divided into three periods of equal duration. During these three successive periods the sliding allowance shall amount to 75%, 50% and 25% of the basis of calculation respectively.

- 2 The basis of calculation for the sliding allowance is the average monthly allowance for working evening and night shifts that the employee received over the twelve months preceding the date on which the permanent reduction in remuneration on account of ceasing to work evening or night shifts or working fewer such shifts occurs, less the allowances for working irregular hours that he actually receives after (partially) ceasing to work evening and night shifts, any allowance on the basis of Article 4.7.3.5, and any salary increase other than a general salary increase.
- 3 The sliding allowance will be paid for a period equal to a quarter of the period for which the allowance for working irregular hours was paid, with a maximum of three years.
- 4 The duration of the sliding allowance established in accordance with the terms of the third paragraph shall be divided into three equal parts. The sliding allowance during the three successive periods shall amount to 37.5%, 25% and 12.5% of the basis of calculation, respectively.

Article 4.7.3.3.2 Existing entitlements to sliding allowance for irregular hours on 31 December 2013

- 3 The basis of calculation for the sliding allowance is the average monthly allowance for working irregular hours that the employee received over the twelve calendar months preceding the date on which the permanent reduction in remuneration occurs, less the total amount that he will subsequently receive each month in the form of an allowance for working irregular hours, an allowance on the basis of Article 4.7.3.5, and a salary increase other than a general salary increase.
- 4 The sliding allowance will be paid for a period equal to a quarter of the period for which the allowance for working irregular hours was paid, with a maximum of three years.
- 5 The duration of the sliding allowance established in accordance with the terms of the third paragraph shall be divided into three equal parts. The sparagraphing allowance during the three successive periods shall amount to 37.5%, 25% and 12.5% of the basis of calculation, respectively.

- 2 The basis of calculation for the permanent allowance is the average monthly allowance for working irregular hours that the employee received over the twelve calendar months preceding the date on which the permanent reduction in remuneration on account of ceasing to work evening or night shifts or working fewer such shifts occurs, less the allowances for working irregular hours that he actually receives after (partially) ceasing to work evening and night shifts.

Article 4.7.3.4.2 Existing entitlements to a permanent allowance on 31 December 2013

If the employee was only working irregular working hours for part of the period 1995/1996, the reference period shall be adjusted proportionally.
- 2 Employees are not entitled to an allowance as referred to in the first paragraph if the number of irregular working hours declined by less than one hour a month.
- 3 The allowance amounts to the difference between the old and the new allowance for working irregular hours as fixed on the basis of the comparison as of 1 April 1997 referred to in the first paragraph.
- 4 The entitlement to the allowance shall lapse if at his own request the employee starts working in a different roster pattern or in a job with a different roster pattern from that in which he worked on 1 April 1997. The allowance shall be retained if a change occurs in the roster pattern as a result of a decision by the employer, with the understanding that any additional income arising from the change in the shift pattern shall be deducted from the allowance. If the entitlement to the allowance ends entirely as a result of a decision by the employer, Article 4.7.3.2 applies mutatis mutandis.
- 5 Employees who do not meet the conditions for an allowance as referred to in the above provisions but whose income from the allowance for irregular working hours has nevertheless declined by more than EUR 9 a month according to the comparison referred to in the first paragraph are entitled to an allowance of EUR 9 per month. Entitlement to this allowance shall be assessed at the end of each year.

- 4 The allowance calculated on the basis of the first and second paragraphs shall be increased by 25% for the hours when the employee has a standby shift.

Article 4.7.4.2 Work performed during shifts

- 1 Employees are entitled to an allowance for the time during which they perform work during an on-call or a standby shift. An employee who is on leave by virtue of Article 7.2 under b (leave prescribed by law) shall retain the salary for his job during the period of this leave. The allowance for working irregular hours and the allowance for on-call and standby shifts do not count as part of the salary in this context.

Article 4.12 Political leave

If the employee receives a regular payment from a position in a public-law body to which he has been appointed or elected and the employer, unless the interests of the institution dictate otherwise, grants him special leave to attend meetings and sessions of that body

Article 5.1 Business trips in the Netherlands

- 1 For the purpose of the reimbursement of travel expenses, the UMC is the starting point and end point of a business trip within the Netherlands.
- 2 Contrary to the first paragraph, the employer may regard the employee's residence or another place as the start or end point of a business trip, unless the UMC is visited during the trip.

Article 5.1.1 Public transport

- 1 The employer shall reimburse the public transport expenses incurred by the employee in connection with the business trip.
- 2 Employees who travel by train during a business trip are entitled to travel first class.

Article 5.1.2 Taxi

The employer shall reimburse the costs incurred by an employee for the use of taxis during a business trip if in the opinion of the employer that transport was in the interests of the institution.

Article 5.1.3 Personal vehicle

- 1 If in the opinion of the employer it would be impossible or inefficient to make the business trip with public transport, the employer may grant the employee permission to use his own motor vehicle. The employee shall be reimbursed the maximum tax-free mileage allowance per kilometre. The employee shall receive an allowance of € 0.28 per kilometre for travel expenses.
Kilometres for commuting and for business trips may be swapped so that the unused tax-free kilometres for commuting can be set off against the taxed portion of the allowance for business trips.
- 2 If a business trip can be effectively undertaken by public transport, employees who choose to use their own vehicle shall receive a mileage allowance of € 0.09 per kilometre.

Article 5.1.4 Accommodation expenses

- 1 The employer shall reimburse the reasonable costs for meals, accommodation and minor expenses incurred during a business trip.
- 2 There is no entitlement to reimbursement of accommodation costs for a business trip:

- 1 The employer shall reimburse travel and accommodation expenses during business trips on the basis of statements of expenses.

- 2 Travel and accommodation expenses during business trips must be claimed in the manner prescribed by the employer and with submission of the necessary documentary evidence.
- 3 Entitlement to reimbursement shall lapse if the employee fails to submit the statement of expenses within three months after the month to which the statement applies.

Article 5.2 International business trips

The employer shall reimburse travel and accommodation costs for international business trips on the basis of the regulations that apply for central government personnel. The employer may decide to depart from this provision for some or all of his employees and reimburse the actual costs that have been incurred on submission of receipts, insofar as the costs incurred remain within the bounds of reasonableness and fairness.

Article 5.3 Commuting

- 1 With the approval of the works council, the employer shall lay down rules governing the reimbursement of the costs of daily commuting between home and the UMC.

- 2 Employees on whom the obligation referred to in the first paragraph is imposed are bound to comply with it as soon as possible, but not later than two years after the obligation is imposed.
- 3 With the approval of the works council, the employer may lay down further rules pertaining to the area in which the employee is obliged to live.

Article 5.4.1 Removal costs

- 1 Employees who are obliged to move are entitled to reimbursement of the removal costs if the move is in compliance with the requirement to move.
- 2 If any other claim to reimbursement of removal costs already exists the employer shall grant only an allowance for the additional costs, with the understanding that the fourth paragraph of Article 5.4.2 applies mutatis mutandis to the other costs arising directly from the move.
- 3 An employee whose employment is terminated at his own request or who is dismissed as a result of facts or circumstances for which they are to blame must repay the allowance for removal costs if their employment is terminated within two years of the commencement of

employment or within one year of the move.

- 4 Employees are only entitled to the reimbursement of removal costs if they have declared in writing that they are aware of the repayment obligation referred to in the third paragraph.
- 5 Employees are not entitled to the removal allowance if the move has not taken place within two years after the obligation to move has been imposed.

Article 5.4.2 Removal allowance

- 1 The removal allowance consists of:
 - a a sum for the costs of the transport of the belongings and house contents of the employee and his family members, including the costs of packing and unpacking breakable goods (transport costs);
 - b a sum for any double payment of rent;
 - c a sum for all other costs directly arising from the move (other costs).
- 2 The sum for the transport costs may relate both to costs incurred personally by the employee and to costs charged by a certified removals firm. In both cases, the basic principle is that the costs actually incurred shall be reimbursed. The employer may lay down further rules concerning the method of declaring expenses.
- 3 The allowance for the double payment of rent shall amount to not more than the amount of the rent of the employee's former home for a period of two months.
- 4 The allowance for other costs is 10% of the basis of calculation if the employee has actually moved within a period of one year of the date on which the requirement to move was imposed, and 8% if the move took place in the following year. The basis of calculation is twelve times the employee's salary in the month of the calculation plus the hoparagraphay allowance for the month of the calculation. The allowance for other costs shall not amount to more than EUR 5,445. If the move involves a family in which the employer has required both partners to move, the allowance for other costs shall be calculated up to this maximum amount over the sum of the basis of calculation of both partners.

Article 5.4.3 Relocation from abroad

- 1 The allowance for the removal costs of an employee moving from abroad shall consist of the amounts specified in the first paragraph of Article 5.4.2 as well as:
 - a reimbursement of the costs for the transport of the employee and his family members to the new home and, if necessary, the costs of overnight accommodation;
 - b reimbursement of the costs of one or more trips that the employee and his family members have had to make in the country of departure to comply with formalities required in connection with the trip.
- 2 In the case of a move as referred to in the first paragraph, transport costs as referred to in the first paragraph of Article 5.4.2 under a. shall also include:
 - a a sum for the taxes charged on the import of the belongings and house contents;
 - b a sum for the costs of insuring the belongings and house contents against damage as a result of or connected with the move;
 - c a sum for the costs of packing the belongings and house contents, the costs of disassembling and reassembling furniture and/or the disposal of packaging.

Article 5.4.4 Travel and guest house costs

- 1 Employees who have been required to move are entitled to an allowance for the costs of daily commuting between the home and the UMC during the period in which the move has not yet taken place. This allowance shall be granted for a period of not more than two years commencing from the date on which the requirement to move was imposed. The allowance is equal to the costs of travelling the route by public transport (for trains: 2nd class) up to a maximum of EUR 190 a month, which sum shall be reduced by a sum of EUR 35.
- 2 For employees as referred to in the first paragraph who in the opinion of the employer cannot commute every day, the employer shall arrange temporary accommodation, for payment or otherwise, or provide an allowance for the costs of staying in a guest house amounting to not more than EUR 182 a week. The employer may in special cases give the employee an allowance for the travel costs for family visits or for visits to his own home not more than once a week. The allowance is equal to the costs of travelling the route by public transport (for trains: 2nd class).
- 3 Contrary to Article 5.3, the employer may grant employees who are not obliged to move because they have a temporary employment contract for not longer than two years an allowance for costs as referred to in the first or second paragraph.
- 4 The allowances referred to in this article shall not be paid if the employee is sick for more than a month, unless the expenses are unavoidable.

- 2 The meal shall be provided from the hospital's own restaurant.

- 3 If no meal can be provided from the hospitals' own restaurant, the employer shall reimburse the actual costs of a meal eaten elsewhere in accordance with the provisions of the first paragraph of Article 5.1.4.

Article 6.1 Annual working hours

- 1 The full-time annual working hours amount to 1,872 hours per year and an average of 36 hours per week.
- 2 The annual working hours referred to in the first paragraph shall be reduced by 7.2 hours for every public holiday that does not fall on a Saturday or Sunday.

- 4 The hours during which an employee is on a standby shift and does not perform work do not count in determining the full working hours as referred to in the first paragraph.

Article 6.1.1 Extension of full-time annual working hours

- 1 The employer and the employee may agree that an employee who is employed on the basis of full-time annual working hours as referred to in the first paragraph of Article 6.1 may temporarily perform an additional 208 hours of work each year. Employer and employee may thus agree an average working week of 37, 38, 39 or 40 hours.
- 2 The following conditions apply to the extension of the annual working hours:

Article 6.1.4 /

Article 6.2.1 Normal working hours on the day shift

The preferred daily working hours are between 7.00 a.m. and 6.00 p.m. on Monday to Friday, unless the employee has alternating working hours.

Article 6.2.2 Public Holidays

- 1 Unless the interests of the institution make it unavoidable, employees shall not be required to work on Saturdays and Sundays or on New Year's Day, Easter Monday, Ascension Thursday, Whit Monday, Christmas Day, 26 December, the day on which the King's Birthday is celebrated and once every five years on 5 May in a jubilee year (for the first time in 2020).
- 2 Unless the interests of the institution make it unavoidable, instead of the Christian holidays referred to in the first paragraph employees shall on request not be required to work on the holidays associated with their religious beliefs for up to a maximum of five days per year.

Article 6.2.3 Non-standard working hours and shifts

- 1 The employer may instruct an employee to work irregular hours as defined in Article 4.7.3 (allowance for working irregular hours).

- 2 The roster shall in any case include the shifts to be worked and the working hours.
- 3 The employer shall notify the individual employees of their duty rosters as soon as possible, but at least ten calendar days before the start of the period covered by the roster.

Article 6.3.1 Other provisions concerning the duty roster

- 1 Employees are entitled to at least 22 weekends off in a calendar year.
- 2 The change of shifts shall take place within working hours.
- 3 The greatest possible consideration shall be given to the health of employees in drawing up rosters of working hours.
- 4 The employer shall notify an employee as soon as possible if substantial interests of the institution require a change to a roster that has already been adopted. The employer shall reimburse any associated costs if as a result of a change in the roster the employee suffers demonstrable financial disadvantage which he cannot reasonably be expected to bear.
- 5 If no agreement is reached with the employee on changes to be made to a previously adopted duty roster, the employer may issue an official order to the employee. Every year the works council shall receive a report, without the names of individuals, on the number of official orders that were issued for this reason.

Article 6.4 Annual hours system

- 1 The basic principle in the adoption of working hours regulations is that each year employees shall work the number of hours prescribed in their letter of appointment or contract of employment. In this annual working hours variant a work pattern shall be agreed which clearly reflects both the work pattern and clusters of time off.
- 2 The application of a wider distribution of the working hours over the year shall not be accompanied by the introduction of imbalanced work patterns for the individual employee.
- 3 The employer shall decide in consultation with the employee on the arrangement of his working hours and work pattern, taking into account the interests of the organisation or group and the interests of the employee. The consultation shall take place between the manager and the employee. If the individual's wishes cannot be reconciled with the preference of the group, the interests of the organisation shall prevail. The work pattern may be changed in the interim by mutual agreement.
- 4 If no agreement can be reached between the manager and the employee after the reasons have been explained in writing, a mediator shall be appointed with a view to finding an amicable solution. The mediator may not be a person who is directly involved in the working relationship.
- 5 The mediator shall report to the employer and the works council on all cases of mediation.

- 2 Employees are not entitled to holidays if and for as long as the second paragraph of Article 8.5.5 under e. or f. (no entitlement to remuneration) or Article 8.5.6 (sanctions) applies.
- 3 Employees who were entitled to eight extra hours of holidays before 1 May 1994 by reason of the fact that their salaries were equal to or more than the maximum salary on scale 9 shall retain this additional holiday entitlement until such time as they become entitled to a similar amount of additional holidays by reason of their age under the terms of the second paragraph of this article.

Article 7.1.2 Special provisions

- 1 If employment commences or is terminated in the course of a calendar year the employer shall fix the holiday entitlement in proportion to the duration of the employment in that calendar year.
- 2 If the employee's working hours are changed the employer shall again determine the entitlement to holidays over the remaining portion of the relevant calendar year, taking into account the new working hours. The holiday entitlement accumulated up to the date of entry into force of the change in the working hours shall be retained.
- 3 Employees shall acquire no holiday entitlement during periods when they perform no work at all. An employee who performs work for only part of the stipulated working hours shall accumulate entitlement to holidays in proportion to the share of the working hours during which he actually performs work. The first and second sentences apply to the extent that an employee has performed no work or only part of his work during a continuous period of at least 30 calendar days.
- 4 The third paragraph does not apply if the employee has performed no work or performed work for only part of his stipulated working hours by reason of:
 - a the agreed working hours regulation;
 - b holidays;
 - c illness;
 - d maternity leave;
 - e a period in military service for retraining exercises.
- 5 Until 1 January 2014, in addition to paragraph 4c above, entitlement to holidays as referred to in Article 7.1.1, paragraph 1, during illness shall be 7.7% of the working hours specified in the employee's letter of appointment or employment contract and shall be expressed in complete hours.

Article 7a.1.2 Holiday entitlement

- 2 The reduced holiday entitlement during illness as referred to in the fifth paragraph of Article 7.1.2 applies *mutatis mutandis* until 1 January 2014

Article 7.1.3 Taking holidays

- 1 The holidays shall be taken as far as possible in continuous periods of at least four hours.
- 2 Employees are obliged to take holidays for a continuous period of at least two weeks in every calendar year.
- 3 Unless otherwise agreed, no more than one and a half times the holiday entitlement for a calendar year may be taken in that year.
- 4 Employees who become ill during the holidays shall retain their entitlement to the holidays that are not taken. The employee must notify the employer of the illness in good time, in accordance with the procedures concerning sick leave laid down by the employer. Employees who have been unable to comply with this requirement must subsequently provide proof of the illness.
- 5 An employee is in principle entitled to assume that the leave has been granted if at the time he requests a period of short-term leave from his manager the latter has not expressed any objection to granting it.
- 6 The employer shall lay down rules for taking holidays in consultation with the works council, including rules for determining the moment at which the employee is entitled to assume that he has been given permission to take holidays.
- 7 Permission to take holidays may be withdrawn both before and during the holidays if substantial interests of the institution require it. The employer shall compensate the employee for any demonstrable financial damage that the employee has sustained and cannot reasonably be expected to bear as a result of this withdrawal of permission.

Article 7.1.4 Carrying over of holidays

- 1 The guiding principle is that holidays must be taken in the calendar year during which the holiday entitlement is acquired. If they are not, the employee and his superior shall consult to make arrangements as to when to take any unused holidays from the previous calendar year or, where applicable, earlier calendar years.
- 2 The previous paragraph also applies in the event of illness, it being understood that no holidays will be taken during illness if the employee is not reasonably capable of doing so.
- 3 If the employee has not been given his full holiday entitlement in any calendar year, the employer shall, without prejudice to the provisions of the third paragraph of Article 7.1.3, as far as possible grant those holidays in a following calendar year.

Article 7.1.5 Bridging days

- 1 The employer may designate up to three working days in a calendar year on which one or more groups of employees must take holidays.

- 2 These days shall be designated prior to each new calendar year and only with the approval of the works council.

Article 7.1.6 Discharge and holidays

- 1 Employees who are still entitled to holidays on the date of their discharge have a right to an allowance amounting to the hourly salary that the employee received immediately prior to the discharge for every hour of the holiday entitlement that has not been taken. This allowance shall be calculated over a maximum of twice the employee's holiday entitlement over a full calendar year.
- 2 If on the date of his discharge the employee has taken too many days of holiday the employer may charge him a sum amounting to the hourly salary that the employee received immediately prior to his discharge for every hour of excess holidays that have been taken.

Article 7a.1.6 Discharge and holidays

Contrary to the terms of the second sentence of the first paragraph of Article 7.1.6, for employees of Radboud UMC and VUmc the allowance shall be calculated over a maximum of five times the employee's holiday entitlement over a full calendar year.

Article 7.2 Leave prescribed by law

Employees are on leave by operation of law if:

- a they are prevented from performing their work through incapacity for work due to illness or disability;

The period of maternity leave itself shall not be considered.
- 8 If the UWV decides to extend the waiting period for entitlement to a WAO/WIA disability benefit until after the period of 104 weeks following the commencement of the illness solely due to the employer's failure to pursue sufficient reintegration activities, for the period after the term of 104 weeks the employee shall receive a supplement of 10% of his salary over the hours of sick leave in addition to the amount provided for in the first paragraph. This amount shall be paid out at the end of the relevant period.

An employee is obliged to accept alternative suitable work offered by the employer if that will limit reliance on the salary guarantee. Employees who are reassigned for fewer than their original number of working hours shall be given paid leave on the basis of the provisions of this article for the hours for which they are not reassigned.

- 5 Article 4.7.3.2 (sliding allowance) shall apply mutatis mutandis if an employee as referred to in the fourth paragraph is entitled to an allowance by virtue of Article 4.7.3 (allowance for working irregular hours), 15.4.1 (allowance for 24-hour shifts) or 15.4.2 (allowance for working unsociable hours) and this entitlement is reduced or terminated as a result of their reassignment. The sliding allowance shall only take effect after 104 weeks from the first day on which the employee was prevented from performing his work due to incapacity as a result of illness or disability. Until that date the employee shall remain entitled to the allowance he is entitled to by virtue of Article 8.5.
- 6 If a salary guarantee applies on the basis of the fourth paragraph, the employee and his immediate superior shall discuss once a year, or as often as necessary, whether the employee's capacity for work has increased sufficiently to reduce the reliance on the salary guarantee. If necessary, the advice of the occupational health and safety service shall be requested.

Article 8.5.2 **Calculation of allowances**

- 1 If the employee receives an allowance for working irregular hours or an allowance for on-call or standby shifts, the employer shall stipulate an average amount for the hours he is prevented from working based on the allowances awarded in the twelve calendar months prior to the time that the employee was first prevented from performing his work.
- 2 If the employee referred to in the first paragraph has not yet been employed for twelve calendar months, the calculation shall be based on the average amount of his monthly remuneration over the period for which he was employed before he was first prevented from working.

Article 8.5.3 **Occupational disease / accidents during work**

- 1 If in the opinion of the employer the incapacity to perform work due to illness or disability is largely due to the nature of the work assigned to him or to the particular circumstances under which the work has to be performed and is not due to his own fault or carelessness, the employee shall also receive his full salary after the expiry of the period referred to in the first paragraph of Article 8.5.1.
- 2 The fourth and fifth paragraphs of Article 8.5 shall apply mutatis mutandis.

Article 8.5.4 **Concurrent incomes**

- 2 The deductions referred to in the first paragraph shall not apply to the extent that the incomes referred to in that paragraph have already been deducted from the employee's disability benefit.
- 3 As income for the purposes of the first paragraph shall also be counted any disability pension based on the pension scheme and any other allowance, however named, which can be deemed to relate to the work referred to in the first paragraph.

- 1 This article applies exclusively during the period in which no WAO or WIA benefit has yet been awarded.
- 2 There is no entitlement to remuneration if:
 - a according to a medical certificate the illness or disability is feigned or at least exaggerated to such an extent that it cannot be assumed to prevent the employee from performing his work;
 - b the employee has intentionally caused the illness or disability, unless he cannot be blamed for this by reason of his psychological condition;
 - c the employee is prevented from performing his work through incapacity due to illness or disability within half a year of the medical examination at the time of the commencement of his employment and it emerges that at that time the employee acted wrongfully by providing inaccurate information about the state of his health or by hiding information, as a result of which he was at the time wrongly declared fit for work.
 - d the employee refuses to find or accept or without vaparagraph reasons refuses to perform suitable work offered to him which the occupational health and safety service considers he is capable of and which the employer has given him the opportunity to perform;
 - e the employee refuses without vaparagraph reasons to cooperate with reasonable rules issued by or measures taken by the employer or by an expert designated by the employer aimed at enabling the employee to perform suitable work;

- f wrongly fails to undergo medical treatment or to continue receiving medical treatment or fails to follow the rules issued to him by the occupational health and safety service or by the UWV or otherwise behaves in such a way as to hamper or delay his recovery, with the understanding that instructions to cooperate with surgery or a diagnostic procedure are excepted;
- g he performs work for himself or for a third party during the period that he is prevented from performing his work, unless a medical certificate from the occupational health and safety service shows that it is deemed desirable in the interests of his recovery, reintegration or availability for reassignment;
- h fails to perform his work or work suitable for him at the time and to the extent determined by the occupational health and safety service, unless he has given notice to the occupational health and safety service of a reason that has arisen in the meantime and is recognised as vaparagraph by the occupational health and safety service.

Article 8.5.6 Sanctions

- 1 If an obligation is imposed or a sanction is applied with respect to the WAO or WIA benefit received by the employee, the employer shall as far as possible impose the same obligation or apply a corresponding sanction with respect to the right to continued payment of the salary.
- 2 The entitlement to continued payment of the salary shall lapse if the employee refuses, without vaparagraph reasons, to perform suitable work which is offered to him and which the occupational health and safety service considers him capable of performing.

Article 8.5.7 Obligations of the employer

- 1 The employer is obliged as soon as possible to take such measures and issue such instructions as are reasonably necessary to allow the employee or the former employee who is prevented from performing the agreed work in connection with incapacity due to illness to perform his own work or other suitable work. If it has been established that the employee can no longer perform his own work and there is no other suitable work available in the hospital, the employer shall promote the hiring of the employee or former employee in work that is suitable for him outside the hospital.
- 2 On the grounds of the obligation referred to in the first paragraph, together with the employee or former employee the employer shall draw up an action plan as referred to in the WAO and WIA. - 3 An employee is obliged to comply with instructions issued to him by the occupational health and safety service or the UWV in connection with a medical examination ordered by the employer.
- 4 Employees who are exposed to exceptional risks to their health in connection with the performance of their work or who must meet exceptional health requirements are obliged to undergo an occupational health examination in consultation with or on the instructions of the occupational health and safety service.

At the request of the employee, the doctor treating him shall be informed in writing of the conclusions.
- 6 Any employee who disagrees with the conclusions of the medical examination referred to in this article may notify the employer to this effect in writing and stating reasons within three days of receipt of the conclusions. The employer shall lay down further rules on this matter.

Article 8.6.1 Instruction to take sick leave

The employer shall grant full or partial leave on the grounds of the provisions of this chapter to employees whose physical or psychological condition is shown by the conclusions of the examination referred to in Article 8.6 to be such that it is not in the interests of the employee himself, of the UMC or of third parties involved in the performance of his job for the employee to wholly or partially continue with his work. During this leave the employer shall if possible assign other work to the employee to the extent that it can reasonably be regarded as suitable in light of the work previously performed by him.

Article 8.6.2 Control on resumption of work

Article 8.7 **Change of job based on a decision of the UWV**

- 1 If the UWV decides on the basis of an examination to assess entitlement to a WAO or WIA benefit that the employee can be reassigned to his own job under different conditions, the employer shall ensure that those further conditions are implemented within one year of that decision, unless this cannot reasonably be demanded of it.
- 2 If the UWV decides on the basis of an examination to assess entitlement to a WAO or WIA benefit that the employee is fit for work and can be reassigned to one or more different jobs within the area of competence of the employer, the employer shall ensure that the employee is appointed to that job or one of those jobs within one year of that decision, unless this cannot reasonably be demanded of it.

- 2 The benefit referred to in the first paragraph shall be calculated according to the WIA system and shall supplement the WIA and ABP benefits in such a way as to produce a total benefit which:

- 6 If the death of an employee or of a former employee who is eligible for a benefit as referred to in the previous paragraphs is the direct consequence of incapacity for work as referred to in the first paragraph, the person who receives a surviving dependant's pension from the ABP in connection with this death shall be paid a benefit in the amount of 18% of this pension. The benefit shall end with effect from the month in which the deceased would have reached the age of 65 or, if the widow or widower to whom the pension was awarded remarries, with effect from the month following that in which he or she remarries. To acquire the entitlement referred to in this paragraph the surviving partner must submit an application to the employer within a reasonable period.

- 2 Any advance shall be repaid by the employee on demand by the employer or deducted by the employer from a later salary or benefit to be paid on the grounds of this CAO or set off against (extra-statutory) benefits pursuant to or based on this CAO.

Article 8.10 **Concurrent benefits**

- 1 If a benefit by virtue of this chapter is paid concurrently with a benefit by virtue of a statutory insurance which is awarded on the grounds of the same illnesses or disabilities as those for which the benefit by virtue of this chapter was awarded, the benefit by virtue of this chapter shall be reduced by the amount of the benefit by virtue of the statutory insurance.
- 2 If the disability benefit is amended on the grounds of the same illnesses or disabilities as those by reason of which the benefit by virtue of this chapter is awarded or amended, the first paragraph shall apply mutatis mutandis with respect to that amendment.
- 3 The preceding paragraphs shall not apply if the benefit by virtue of a statutory insurance is

received by reason of a different job which is performed at the same time as the job for which the employee or the former employee is entitled to a benefit by virtue of this chapter and in so far as that benefit by virtue of a statutory insurance is attributed or can be deemed to be attributed to the income from that other job.

The employee will be expected to cooperate. Dismissal on account of a reorganisation cannot take place until it is clear after a careful study that, despite the efforts of both parties, no such other employment can be found. If the employer or employee finds that insufficient efforts have been made to get the employee from work to work, the matter shall be submitted to the parties involved in the Social Policy Framework, who may decide that the matter must be reviewed by a committee or body specified in the Social Policy Framework. The basic principle in assigning suitable work shall be that precedence is given to female employees in order to avoid creating inequalities or increasing existing inequalities.

- 3 Contrary to the provisions of the second paragraph, the employee may be discharged as soon as an IVA benefit has been awarded. To the extent that an employee has at that time not yet been prevented from performing his work for 52 weeks, the IVA benefit in accordance with Article 8.5 shall be topped up to 100% of the employee's salary until the period of 52 weeks is reached.
- 4 In determining the period of 104 weeks referred to in the second paragraph, periods of incapacity to perform the job shall be added together if they follow each other with an interruption of less than four weeks. Periods of illness of female employees which directly precede and follow a period of maternity leave shall count as an uninterrupted period of illness if the illness can reasonably be attributed to the same cause but is not the result of the pregnancy.

Any absence of a female employee due to illness caused by pregnancy or delivery in the period from the beginning to the end of the maternity leave shall not be taken into consideration.
- 5 Whether a situation as referred to in the first and second paragraphs under a., b. and c. exists shall be determined on the basis of the conclusions of the UWV in the context of the WIA assessment.
- 6 If the employer reassigns the employee to a job for fewer hours than the number for which the employee was employed, the discharge shall only apply to the number of extra hours.
- 7 Without prejudice to the provisions of the second paragraph, the employer may discharge an employee who is prevented from performing his work through incapacity due to illness if the employee refuses, without vaparagraph reasons, to:

- 3 In the case referred to in the first paragraph under e., before proceeding to discharge the employee the employer shall investigate whether the employee can be reassigned to another job within its area of competence that is suitable in light of his personality and circumstances.

If this salary is higher than the maximum on the new scale, he shall receive an allowance for the difference. The allowance shall also be increased in the event of a general salary increase.

Article 15.4 Allowances

A number of specific allowances apply for the academic medical specialist.

Article 15.4.1 Allowance for 24-hour shifts

- 1 Articles 4.7.4.2 (work performed during shifts) and Article 4.7.4.3 (travel expenses) do not apply to the academic medical specialists.
- 2 Academic medical specialists who work according to a permanent cyclical roster in which they are scheduled to work 24 hours a day, are entitled to a 24-hour shift allowance of 10% of their scale salary but only up to the amount denoted by salary number 7 on the scale for 'academic medical specialists'. The roster shall in that case be based on a 40-hour week. The academic medical specialist may not claim compensation for additional hours worked if the working week extends to the maximum of an average of 48 hours as referred to in the second paragraph of Article 15.6.
- 3 Contrary to the second paragraph, academic medical specialists who work according to a permanent cyclical roster which involves a combination of day shifts and standby shifts in the hospital in the evening, night or on Saturday and Sunday or on-call shifts, as a result of which the rostered shifts lead to an average working week of between 48 and a maximum of 55 hours on an annual basis, are entitled to a 24-hour shift allowance of 20% of their current scale salary but only up to the amount denoted by salary number 7 on the scale for 'academic medical specialists'

- 6 The allowance referred to in the second and third paragraphs shall lapse when the academic medical specialist no longer works on 24-hour shifts, unless he no longer works these shifts because he has reached the age of 60. The academic medical specialist shall in that case retain the allowance that he earned in the preceding period of three years.
- 7 Academic medical specialists who do not have full-time working hours shall be assigned work in the roster referred to in the second and third paragraphs in proportion to the number of hours of their appointment.
- 8 From 1 January 2016, academic medical specialists who are prevented from working due to illness or disability shall receive the allowance as referred to in the second and third paragraphs in accordance with the calculation in Article 8.5.2 (calculation of allowances).

Article 15.4.2 Allowance for working unsocial hours

1 Academic medical specialists are entitled to an allowance for working shifts and for the performance of work during shifts in the evening, night and at the weekend other than as a result of work they are instructed to perform in excess of their working hours. The amount of the allowance depends on the frequency of the shifts and volume of the work performed on the basis of the following categories:

category	allowance	criteria percentage
1	0%	No/scarcely any on-call/standby shifts and work during these shifts
2	5%	Sporadic on-call/standby shifts and little work during these shifts
3	10%	Regular on-call/standby shifts and regular work during these shifts
4	20%	Frequent on-call/standby shifts and frequent work during these shifts

- 2 Academic medical specialists aged 60 or older may only be instructed to work shifts and to perform work during shifts with their consent.
- 3 The allowance referred to in the first paragraph shall lapse if the academic medical specialist no longer works shifts, unless he no longer works shifts because he has reached the age of 60. The academic medical specialist shall in that case retain the allowance that he earned in the preceding period of three years.
- 4 The allowance shall be calculated over the academic medical specialist’s monthly salary but only up to the amount denoted by salary number 7 on the scale for ‘academic medical specialists’. For academic medical specialists who do not have full-time working hours, the amount of the allowance shall be calculated over the salary that would apply for them if they did have full-time working hours but only up to the amount denoted by salary number 7 on the scale for ‘academic medical specialists’.
- 5 Academic medical specialists who do not have full-time working hours shall perform shifts in proportion to the number of hours of their appointment, unless they have no objection to participating fully in the shifts.
- 6 Academic medical specialists who are entitled to an allowance as referred to in the previous paragraphs may not at the same time qualify for an allowance as referred to in Article 15.4.1.
- 7 From 1 January 2016, academic medical specialists who are prevented from working due to illness or disability shall receive the allowance as referred to in the second and third paragraphs in accordance with the calculation in Article 8.5.2 (calculation of allowances).

Article 15.4.2.1 Matrix

1 To qualify for an allowance for working unsocial hours the academic medical specialist must perform on-call/standby shifts at least two days a month on average over the year and/or work on average for more than five hours per month during these shifts.

- 2 Academic medical specialists who meet the conditions in the first paragraph are eligible for an allowance of:
- a 5%, if the frequency of the shifts is between two and six days per month and/or an average of more than five to ten hours per month is worked during the shifts;
 - b 10%, if the frequency of the shifts is between six and ten days per month and/or an average of more than ten to twenty hours per month is worked during the shifts;

- 3 Contrary to the second paragraph, the allowance for academic medical specialists who perform work only sporadically during shifts shall not be higher than 10%.
- 4 The criteria referred to in the second paragraph are indicative. The employer may decide otherwise within the limits set out in the first paragraph of Article 15.4.2.
- 5 The employer shall decide whether to award the allowance referred to in Article 15.4.2 to the academic medical specialist. The following matrix provides an indication of the allowance on a monthly basis:

shift days/ - hours	fewer than 5	5-10	11-20	more than 20
Fewer than 2	0%	5%	10%	10%
2-6	5%	10%	10%	20%
6-10	5%	10%	20%	20%
More than 10	10%	20%	20%	20%

Note: The words and/or in the first and second paragraphs of this article mean that the elements mentioned there have a significance both individually and in combination with each other. In other words, it does not mean ‘and’ but also does not mean ‘or’. The criteria provide guidelines for the employer in the application of the regulation on allowances, which are intended to enable it to establish the percentage that applies for the specialist in accordance with the classification in categories 1 to 4 inclusive in Article 15.4.2. In other words, the number of days with shifts and the number of hours shown to have been worked during those shifts may be used interchangeably so long as the framework of Article 15.4.2 is followed.

Article 15.4.3 Management allowance

Academic medical specialists may be awarded a management allowance by the employer.

Article 15.4.4 Supplement

The employer shall in appropriate cases award an allowance to academic medical specialists who also have an appointment from the university to which the UMC is attached to supplement the salary that they receive by reason of their appointment with the university up to the amount of the salary that they would have received if they had also been employed by the UMC for that part of their employment, all by agreement between the board of governors of the university and the governing board of the UMC.

Article 15.5 Bonus for exceeding standard annual working hours

- 1 If the academic medical specialist is instructed by or on behalf of the employer to perform work whereby his working hours of an average of not more than 48 hours per week (excluding shifts and work performed during shifts) or 55 hours (including work performed during shifts) as referred to in the second and third paragraphs of Article 15.6 are exceeded on an annual basis, on the recommendation of the head of department the Governing Board shall award the academic medical specialist a bonus at the end of that year or after the prolonged period of excess working hours if in the opinion of the Governing Board the production agreements made between the Governing Board and the head of department have been met. If the prolonged period last shorter than one year, the bonus will be granted

at the end of that period. The bonus will be granted on the basis of a review against pre-set arrangements and criteria.

- 2 The size of the bonus as referred to in the first paragraph shall be determined by the number of hours by which the average of not more than 48 or 55 hours as referred to in the first paragraph is exceeded:
 - a If the average is exceeded by three to five hours a week, the academic medical specialist shall be awarded a bonus of 5% of his scale salary on an annual basis;
 - b If the average is exceeded by more than five hours per week, the academic medical specialist shall be awarded a bonus of 10% of his current scale salary on an annual basis.

The academic medical specialist may not claim any compensation for the hours worked between 40 and 48 hours a week on average on an annual basis.
- 3 In the case of full-time working hours, the letter of appointment or the contract of employment may only stipulate that the working hours shall amount to 'not less than 40 and not more than 48 hours on average per week'.

- 5 For the calculation of the average working week of the academic medical specialist on an annual basis as referred to in the second and third paragraphs, the time that he has not worked due to hoparagraphays, any leave or special leave that he has been granted or illness shall not be taken into consideration. If the maximum number of hours referred to in the second and third paragraphs is structurally exceeded for the performance of the task referred to in Article 15.1 (1), a vacancy shall be created and/or such measures shall be taken as to ensure that the average annual working hours are no longer exceeded.

* To provide a complete outline of the period of training, the provisions concerning the pre-clinical training period are included in the CAO-UMC. During this period, however, the student is not employed by the UMC and is therefore not an employee.

Article 16.6 Clinical training period

A contract of employment shall be concluded with the student referred to in this chapter on the grounds of Article 2.4.4 (training) for the term of the clinical training period.

Article 16.6.1 Annual working hours

- 1 The working hours amount to a maximum of 36 hours a week on average, and at least the number of hours that the student must be engaged in patient care for the course plus the time that he spends attending classes or sitting exams at the educational institute.
- 2 The time that the student spends attending classes or sitting exams shall be regarded as working hours. The time that the student must devote to personal study and the time needed to prepare for exams for the course are not working hours.

Article 16.6.2 Salary

- 1 During the clinical training period students at qualification level 4/5 shall be placed on scale A as set out in appendix D of this CAO, on the basis of an average working week of 36 hours.
- 2 During the clinical period students at qualification level 2/3 shall be placed on scale B as set out in appendix D of this CAO, on the basis of an average working week of 36 hours.
- 3 So long as the student has not reached the maximum salary in the relevant scale the employer shall award the next higher amount in the scale after each period of one year if the student is admitted to a following period of training.

Article 16.6.3 Costs of training

The costs of the training in the clinical training period shall be borne by the employer, including the fees and the costs of books the student is required to purchase.

Article 16.6.4 Assessment

- 1 The employer shall ensure that the student's practical functioning is regularly assessed by those who are involved in the practical component of the training in the UMC.
- 2 The employer shall lay down rules with respect to the assessment referred to in the first paragraph and the criteria to be adopted for it.

Article 16.6.5 Employment immediately following training

On successful completion of the training the student shall be employed by the UMC, unless the student was trained on behalf of another hospital or there are other serious objections to the appointment.

Article 17.1 Scope of application

- 1 The provisions of this chapter relate to employees who are employed for the purpose of training for any occupation in the UMC other than as AIOs or as students for a position referred to in Article 16.1 (scope of application).
- 2 Medical school graduates and medical interns who have started a doctoral study on or after 1 April 2015 fall under the scope of Chapter 13 of this cao. They are regarded as researchers in training (OIOs), as referred to in Article 17.3 paragraph 2. They shall be placed on the applicable salary scale in accordance with Article 13.2 of the cao.
- 3 Unless otherwise provided by or by virtue of this CAO, the other chapters of this CAO are also applicable to employees referred to in the first paragraph.

Article 17.2 Employment for an indefinite period

Contrary to Article 2.4.4 (training), employees with an employment contract for an indefinite period shall remain in employment for an indefinite period on commencement of the training.

Article 17.3 Salary

- 1 Article 4.2 (job grading and transitional regulations) and Article 4.3 (classification on salary scales) are not applicable to employees to whom this chapter applies.
- 2 For researchers in training (OIO) with a contract of employment to secure a doctoral degree, the salary scale specified in appendix D in this CAO applies.
- 3 The employer shall place the OIO at salary number 0 on the applicable salary scale on commencement of employment. The salary of the OIO shall be increased to the next higher amount after every period of 12 months if in the opinion of the employer he is making good progress with his doctoral study and performing his job properly.

Article 17.4 Training

The Governing Board shall determine:

- a the organisation and structure of the training within the UMC;
- b the obligations, powers and responsibilities of the employee and of the individuals charged with the training;
- c the method of resolution of any disputes which may arise in the context of the training between the employee and the individuals involved in the training.

Article 17.4.1 Costs of training

The costs of the training shall not be borne by the employee, with the exception of the costs of the materials and books required for the study.

Article 17.4.2 Training during working hours

The training shall be given during working hours. Hours of study shall not be regarded as working hours.

Article 17.4.3 Assessment

- 1 The employer shall ensure that the employee is regularly assessed by the individuals who are involved in their training.
- 2 The employer shall lay down rules for the assessment procedure and the criteria to be adopted in the assessment.

Article 17.4.4 Graduation bonus for researchers in training (OIOs)

The employer shall award a one-off bonus to an OIO who successfully graduates with a doctorate during his employment. The bonus shall amount to EUR 750 gross. This bonus shall not be set off against other local schemes for OIOs/doctoral students. The employer may opt to award the amount of the bonus in the form of a net allowance for expenses.

Article 17.5 Termination of employment

- 1 An employee's employment contract for a specified period shall end with effect from the first day of the month following that in which the training ends according to the rules governing that training.
- 2 If the training is successfully completed according to the rules governing that training, the employment contract shall not end before the Board of Directors has ordered a thorough study into the possibility of reassigning the employee in a suitable job within the UMC. In the case of an OIO, the employer shall only investigate the possibility of reassignment at the request of the OIO.

Article 18.1 Selection model

- 1 Every year the employee shall be given the opportunity to design part of their terms of employment by choosing to use particular entitlements for a different purpose.
- 2 The choices consist of exchanging:
 - a time for time
 - b money for entitlements in kind or extra pension entitlements
 - c money for leave under the life-course savings scheme subject to the statutory limits and the provisions of Appendix Q.
- 3 The exchange of time shall only apply to entitlements in time that have been accrued since 1 January 2002. The normal rules with respect to taking leave and payment for leave shall apply for entitlement to leave that existed on that date.
- 4 The employer may lay down rules for the implementation of the provisions of this chapter.

Article 18.2 Time for time

- 1 Employees may save up to a maximum of 168 hours for paid leave. For employees working less than full-time working hours, the number of hours shall be determined proportionately. If the maximum number of hours has been saved, hours can again be saved up to the maximum when hours that were saved have been taken. The entitlement to the hours saved can be carried over to a following calendar year.
- 2 The sources for saving for this option are:
 - a the hours of holidays, with the exception of the statutory minimum holiday entitlement.
 - b the additional hours worked by virtue of Article 6.1.1 (extension of full-time working hours).
- 3 Employees must first consult their manager before taking the leave that has been saved, preferably during the annual appraisal. The extra leave may not be taken within a year prior to the commencement of the retirement pension or VUT/FPU. The provisions of the seventh paragraph of Article 7.1.3 (taking of hoparagraphay leave) apply mutatis mutandis with regard to permission that has been granted to take leave owed.
- 4 One saved hour is equal in value to one hour of leave taken.
- 5 If an employee is ill or unfit for work at the start of an agreed period of leave, the leave will be suspended. If the employee wishes to use the saved days of leave after his illness or incapacity, the employee must again ask the employer for permission, unless the illness or incapacity did not last more than five days.
- 6 If the employee falls ill or becomes unfit for work whilst on leave, the leave will not be suspended until the illness has lasted 10% of the original period of leave. If the employee is partially ill or unfit for work, the employee will be considered to be on leave to the extent that he is fit for work.
- 7 Saved leave that is being taken shall be suspended immediately in the event of leave by reason of pregnancy, childbirth or organ donation.
- 8 If the employment is terminated by discharge, the employee must take the accrued leave prior to the date of discharge.

In those cases where the leave cannot be taken or the employer requests the employee not to take the leave prior to discharge, the accrued savings shall be paid in cash. 9 In the event of the employee's death, the provisions of the third paragraph of Article 18.4.3 in Appendix Q to this CAO shall apply mutatis mutandis.

Article 18.3 Money for entitlements in kind or extra pension

- 1 Employees may participate in a scheme adopted by the employer in consultation with the works council for a bicycle plan, payment of membership fees for a trade union and/or other professional or trade associations and/or save-as-you-earn schemes. The employer shall properly inform employees (in writing) about the consequences of particular choices for pension rights and for social security. The employer may, in consultation with the works council and subject to the approval of the tax authorities, add further targets to the scheme, such as commuting.
- 2 Sources for saving for participation in one of the schemes referred to in the first paragraph are:
 - a the salary by virtue of Article 4.1 or Article 15.3 in excess of the statutory minimum wage
 - b the holiday allowance by virtue of Article 4.5
 - c the allowances in the salary by virtue of chapter 4 and chapter 15
 - d the loyalty premium by virtue of Article 4.8.2
 - e a bonus by virtue of Article 4.10 and Article 15.5 (bonus for exceeding standard annual working hours)
 - f the end-of-year bonus by virtue of Article 4.4.
- 3 Employees may also use the sources referred to in the second paragraph to accrue additional pension entitlements, subject to the permitted tax limits and the rules laid down by the ABP pension fund.

Article 18.4 /

Article 18.5 Hardship clause

- 1 If application of this chapter leads to manifest unfairness as a result of substantial changes in the personal circumstances of the employee, it shall be possible to annul agreements that have been made and to agree on a suitable solution with the employer.
- 2 The employer shall decide in situations not provided for in this chapter having due regard to principles of reasonableness and fairness. Such decisions shall be reported to the LOAZ.

Article 19.1 'Querido'

The special salary regulation for scientific staff of medical faculties, referred to in the letters of the Minister of Education, Arts and Sciences of 6 July 1961 no. DGW 77.889, of 31 July 1961, no. 79.804 and of 27 November 1961, no. 82440 and the accompanying, directives remain applicable to those persons who in January 1992 were entitled to an allowance by virtue of that regulation and did not fall under the salary regulation for medical specialists laid down in the letter of the Minister of Education and Science of 31 December 1981 HW/OP/A/395.893, HW/P 410.002 with the accompanying directives in implementation of that salary regulation of 14 May 1982, no. 401.985.

The trainee allowance shall be awarded for traineeships of longer than 1 month and amounts to EUR 308 gross per month for a full-time traineeship. The allowance will be increased to € 311 from 1 August 2015, € 314 from 1 August 2016 and € 317 from 1 August 2017. This leave shall only be granted to employees who are actively working in this job on reaching this age, have been employed without interruption for at least 10 years at one or more of the UMCs/universities at the time the leave is taken and on condition that they are obliged to continue working until the age of 62 and shall at that time avail of the Flexible Pension and Retirement Scheme (FPU scheme). The employer may in individual cases suspend the termination of employment for a period of up to one year if the employer considers this to be in the interests of the institution, the employee has requested it or agreed to it and the results of an examination by the company health service have shown that he can be regarded as physically and psychologically capable of continuing to perform his job. Under the same conditions, the employer may repeatedly extend the period of suspension for additional periods of not more than one year until the employee reaches the pensionable age. The employee's working hours during the period of suspension shall not exceed the number of hours he last worked prior to reaching the age of 62. The employer may grant an honourable discharge from his job to an employee who according to the results of an examination by the company health service is unfit to perform the job any longer with effect from the first day of the month following that in which it is informed of the results of the medical examination.
- 2 At the employee's request, the employer shall grant an employee who is on leave on the grounds of the provisions of the first paragraph an extension of the leave to 40% of his working hours on reaching the age of 60.
- 3 The employee and his manager shall consult on the manner in which the leave referred to in the first and second paragraphs will be taken subject to the preconditions of the annual hours system as referred to in Article 6.4.
- 4 An employee who has leave on the grounds of the provisions of the first paragraph but does not avail of the possibility referred to in the second paragraph shall receive, at the time he avails fully of the FPU scheme as referred to in Article 12.3 on or after reaching the age of 62, a lump-sum payment of 15% of the annual remuneration that applied before the date of discharge. Employees who continue to work until the age of 65 shall upon their discharge receive a bonus subject to deduction of the benefit by virtue of Article 3 of the FPU scheme (FPU final benefit).
- 5 The claim to hoparagraphays as referred to in the first paragraph of Article 7.1.1 of the employee on leave by virtue of the provisions of the first and second paragraphs shall be determined in proportion to his working hours after deduction of the leave that applies for him.
- 6 The provisions of Article 6.3.1 and the second paragraph of 7.1.1 (entitlement to hoparagraphays) do not apply to employees who take leave on the grounds of the provisions of the first and/or second paragraphs.

- 7 The provisions of paragraph 8 of Article 2.4.2.1 shall apply for determining the number of annual working hours and the remuneration of employees with an employment contract by virtue of Article 2.4.2.1 (min-max and zero-hours employment contract). The remuneration in this context shall not include the allowance for working irregular hours or the allowance for on-call and standby shifts.
- 8 Employees may join the scheme referred to in this article until 1 January 2008.
- 9 Contrary to the provisions of the first, second and fourth paragraphs, employees who have reached the age of 55 after 31 December 2004 and before 1 January 2008 shall have the possibility of a 20% reduction of the annual working hours until the date of their retirement. Employees who avail of this possibility and retire before reaching the age of 62 years and three months shall receive a lump-sum payment of 15% of the annual remuneration that applied before the date of discharge.
- 10 Contrary to the provisions of the first paragraph, employees who have reached the age of 55 after 1 April 2002 and before 1 January 2005 shall be obliged to continue working until they have reached the age of FPU entitlement (*spilleeftijd*) that applies for them under the FPU scheme. The length of the period of leave referred to in the second paragraph shall remain the same as the employee was entitled to before 1 January 2006, but the reduction of the annual working hours shall be adjusted to the longer period for which the leave will be taken as a result of the deferral of the qualifying age under the FPU scheme. The employer and the employee shall make further agreements on this point before the employee has reached the age of 60. It is possible that the reduction of the annual working hours will not be adjusted if the employee opts to avail himself of FPU at the age of 62.
- 11 The jobs referred to in the first paragraph for which this scheme has limited application are: carer, nursing aid, nurse (incl. matron, senior nurse, differentiated nurse, intensive care nurse, direction nurse), nursing consultant, nurse practitioner, operating assistant, anaesthesia assistant, midwife, radiodiagnosis assistant, radiotherapy assistant.

Article 12.4.1 Pre-FPU regulation

- 1 The employer shall at their request grant discharge to employees for 20% of their working hours with entitlement to a pre-FPU benefit amounting to 10% of their salary, with effect from the first day of the month following that in which they reach the age of 58.
- 2 The discharge referred to in the first paragraph shall be granted subject to the following conditions:
 - the employee shall continue to work for 80% of his original working hours until he has reached the age of entitlement under the FPU scheme, and
 - upon reaching the age at which he is entitled under the FPU scheme the employee shall avail of the FPU scheme for at least 20% of his original working hours.

The age of entitlement under the FPU scheme is 61 years and two months for employees who were born before 2 April 1947 and were members of the ABP pension scheme on 1 April 1997. For all other employees, the age of entitlement under the FPU scheme is 62 and three months.
- 3 The employer shall on request grant an employee whose age of entitlement under the FPU scheme is 61 years and two months and who does not avail of the scheme referred to in the

first paragraph full discharge with entitlement to a benefit amounting to 75% of his salary with effect from the first day of the month following that in which he reaches the age of 60. This discharge shall be granted on condition that the employee makes full use of the FPU scheme upon reaching the age of 61 and two months.

- 4 The employer shall on request grant an employee who is entitled under the FPU scheme at the age of 62 and three months and who does not avail of the scheme referred to in the first paragraph full discharge with entitlement to a benefit amounting to 75% of his salary with effect from the first day of the month following that in which he reaches the age of 61. This discharge shall be granted on condition that the employee makes full use of the FPU scheme upon reaching the age of 62 and three months.
- 5 During the pre-FPU period the employee shall continue to accrue half of the pension entitlement on the pre-FPU part. The accrual shall take place on payment of the average premium on the basis of the regular division of the premium between employer and employee.
- 6 Employees who take FPU immediately after the pre-FPU period may at their own request continue to accrue half of their pension entitlement during the FPU period on the grounds of the provisions of Article 16.5 of the pension scheme regulations. In that case, contrary to the transitional provision of Article 16.3 of the pension scheme regulations the employer shall pay half of the premium. For employees who avail of the pre-FPU scheme before 2-4-2008 but can no longer avail of the option provided by Article 16.5 of the pension scheme regulation, the employer shall make available an annual contribution during the FPU period of not more than the amount that the employee would have owed if Article 16.5 of the pension scheme had applied.
- 7 Employees who do not avail of any of the options for pre-FPU discharge referred to in this article shall receive a lump-sum bonus of 15% of their annual salary upon FPU discharge at the age of 63 or later. If the employee continues to work until the age of 65, the bonus shall be set off against the benefit awarded by virtue of Article 3 of the FPU scheme (FPU final benefit).
- 8 The annual working hours and remuneration of employees with an employment contract as referred to in Article 2.4.2.1 (min-max and zero-hours contract) shall be fixed with the application mutatis mutandis of the eighth paragraph of that article.
- 9 Employees may join the schemes referred to in this article until 1 April 2008, with the exception of paragraph 7.
- 10 The commencement date of the pre-FPU scheme referred to in the first, third and fourth paragraphs shall be deferred for employees who join the scheme from 1 January 2006 by the same length of time as their age of entitlement under the FPU scheme is deferred.

Article 12.4.2 Pre-FPU for specific physically demanding jobs

- 1 The employer shall grant leave with retention of salary to employees working in a specific physically demanding job with effect from the first day of the month following that in which they reach the age of 59 until they have reached the age of 59.5. - the employee is obliged to make full use of the FPU scheme upon reaching the age at which he is entitled under the scheme as defined in the second paragraph of Article 12.4.1.

The holiday entitlement referred to in Article 7.1.1 shall lapse during the employee's period of leave.

- 2 The employer shall grant the employee full pre-FPU discharge with entitlement to a pre-FPU benefit equal to 75% of the salary he last earned immediately after the leave referred to in the first paragraph with effect from the first day of the month following that in which he reaches the age of 59.5 years.
- 3 During the pre-FPU period as referred to in the second paragraph, pension entitlements shall be accrued in full on payment of the average premium. This full accrual of pension entitlements shall comprise a combination of the regular accrual of half of the pension entitlements in the pre-FPU scheme and the employee's use of the option of continuing to accrue the other half of the pension on a voluntary basis pursuant to paragraph 1(b) of Article 16.1. For this part of the accrual of the pension, the employer shall provide the employee with an employer's contribution to the pension premium in accordance with the division of the premium between employer and employee for the regular pension accrual. This employer's contribution shall be made available by means of an increase in the pre-FPU benefit.
- 4 The provisions of the sixth and eighth paragraphs of Article 12.4.1 shall apply mutatis mutandis.
- 5 Employees may join the scheme referred to in this article until 1 April 2008.
- 6 The commencement date of the scheme referred to in the first and second paragraphs shall be deferred for employees who join the scheme from 1 January 2006 for the same length of time as the age of their entitlement under the FPU scheme is deferred.

- 3 At the request of an employee who is entitled under the FPU scheme at the age of 61 years and two months and who does not avail of the scheme referred to in the first paragraph, the employer shall terminate his employment with entitlement to a benefit amounting to 75% of his salary with effect from the first day of the month following that in which he reaches the age of 60. The employment shall be terminated subject to the condition that on reaching the age of 61 years and two months the employee makes full use of the FPU scheme.
- 4 At the request of an employee who is entitled under the FPU scheme at the age of 62 years and three months and who does not avail of the scheme referred to in the first paragraph, the employer shall terminate his employment with entitlement to a benefit amounting to 75% of his salary with effect from the first day of the month following that in which he reaches the age of 61. The employment shall be terminated subject to the condition that on reaching the age of 62 years and three months the employee makes full use of the FPU scheme.
- 5 During the pre-FPU period the employee shall continue to accrue half of the pension entitlement on the pre-FPU part. The accrual shall take place on payment of the average premium on the basis of the regular division of the premium between employer and employee.
- 6 Employees who take FPU immediately after the pre-FPU period may at their own request continue to accrue half of their pension entitlement during the FPU period on the grounds of the provisions of Article 16.5 of the pension scheme regulations. In that case, contrary to the transitional provision of Article 16.3 of the pension scheme regulations the employer shall pay half of the premium. For employees who avail of the pre-FPU scheme before 2-4-2008 but can no longer avail of the option provided by Article 16.5 of the pension scheme regulation, the employer shall make available an annual contribution during the FPU period of not more than the amount that the employee would have owed if Article 16.5 of the pension scheme had applied.
- 7 Employees who do not avail of any of the options for pre-FPU discharge referred to in this article shall receive a lump-sum bonus of 15% of their annual salary upon FPU discharge at the age of 63 or later. If the employee continues to work until the age of 65, the bonus shall be set off against the benefit awarded by virtue of Article 3 of the FPU scheme (FPU final benefit).
- 8 The annual working hours and the salary of an employee with an employment relationship by virtue of Article 2.4.2.1 (minmax and zero-hours contract) shall be determined with the application mutatis mutandis of the provisions of paragraph eight of that article.
- 9 Employees may join the schemes referred to in this article until 1 April 2008, with the exception of paragraph 7.

The holiday entitlement referred to in Article 7.1.1 shall lapse during the employee's period of leave.

- 2 The employer shall terminate the employee's employment, with entitlement to a pre-FPU benefit of 75% of his last-earned salary, immediately after the period of leave referred to in the first paragraph with effect from the first day of the month following that in which he reaches the age of 59.5 years, entirely on the basis of pre-FPU discharge.

- 4 The notice period shall be calculated from the date of the conclusion of the first contract of employment as referred to under a or b in paragraph 1.
- 5 The period of 24 months, referred to in paragraph 1, subparagraph a may be extended to not more than 48 months and the number of three, referred to in paragraph 1, subparagraph b, may be increased to not more than six by collective labour agreement or by a scheme implemented by or on behalf of a competent authority, if:

This regulation may lay down further conditions for a declaration of non-applicability as referred to in the first sentence.
- 9 By collective labour agreement or in a regulation adopted by or on behalf of a competent authority, this article may be declared wholly or partially inapplicable for contracts of employment designated therein that have been entered into exclusively or primarily for the purposes of the employee's education.

- 2 Reassignment, as referred to in paragraph 1, is not required if the employee occupies a spiritual post.
- 3 Reasonable grounds as referred to in paragraph 1 are:

 - c the regular inability to perform the stipulated work as a result of illness or disability with unacceptable consequences for the business operations, provided that the regular inability to perform the stipulated work is not a consequence of inadequate care for the

employee's working conditions on the part of the employer and it is likely that no recovery will occur within 26 weeks and that the stipulated work cannot be performed in modified form within that period;

- d the employee's unsuitability to perform the stipulated work, other than as a result of the employee's illness or disability, provided the employer has notified the employee in time and given him sufficient opportunity to improve his performance and the unsuitability is not a consequence of the employer's failure to provide adequate care for training of the employee or for the employee's working conditions;
 - e culpable acts or omissions on the part of the employee, such that the employer cannot reasonably be required to allow the contract of employment to continue;
 - f the refusal of the employee to perform the stipulated work due to a serious conscientious objection, provided it is likely that the stipulated work cannot be performed in a modified form;
 - g a disturbed working relationship, such that the employer cannot reasonably be required to allow the contract of employment to continue;
 - h other circumstances of such a nature that the employer cannot reasonably be required to allow the contract of employment to continue.
- 4 Unless otherwise agreed in writing, the employer may also terminate the contract of employment on or after the date on which the employee has reached the age referred to in Article 7a, paragraph 1, of the General Old-Age Pensions Act, or, if a different retirement age applies for him, has reached the age of entitlement to a pension, if the contract of employment has been concluded before that age has been reached.

II PROVISIONS FROM THE WORK AND CARE ACT (WET ARBEID EN ZORG)

Section 3:1 Pregnancy leave and maternity leave

- 1 Female employees are entitled to pregnancy leave and maternity leave when having a child.
- 2 The right to pregnancy leave arises six weeks prior to the day after the due date, as indicated in a written statement from a physician or midwife to be submitted to the employer, and continues up to and including the date of giving birth. Pregnancy leave must be taken no later than four weeks prior to the due date.

- 3 Maternity leave begins on the day after the date of giving birth and continues for ten consecutive weeks plus the remaining number of days of pregnancy leave that were not taken in the six-week period preceding the earlier of the due date and the actual date of giving birth.
- 4 For the purposes of the third paragraph, the days for which a female employee received sick pay under Section 29a (2) of the Sickness Benefits Act (Ziektewet) in the period during which she was entitled to, but did not take, pregnancy leave are considered days of pregnancy leave.
- 5 If a child is admitted to hospital because of his medical condition during the maternity leave, the maternity leave shall be extended by the number of days of admissions, to be calculated from the eighth day after admission up to and including the final day of the maternity leave, up to a maximum of ten weeks. The extension of maternity leave referred to in the first sentence applies solely to the extent that the hospital admission lasts longer than the number of days by which the maternity leave is extended as a result of the actual date of birth on the grounds of the third paragraph.
- 6 In derogation from the third paragraph, the female employee may request the employer to divide the maternity leave 6 weeks after the date on which the right to that leave commenced. The female employee may take this part of the leave during a period of 30 weeks, which period shall commence on the day after the period of maternity leave is divided. The request shall be made no later than three weeks after the leave has commenced.
- 7 The period of the maternity leave that is divided and taken later is equal to the working hours per week at the time of the maternity leave that follows the actual date of the birth.
- 8 The employer shall agree to the request no later than two weeks after the request, referred to in the sixth paragraph, has been made, unless there are serious business or work interests opposed to it.
- 9 If the fifth paragraph applies, the request referred to in the sixth paragraph shall refer to the period after expiry of the extension as referred to in the fifth paragraph.

Section 3:1a Assignment of maternity leave

- 1 If the female employee dies during the maternity leave and a birth certificate for her child is prepared, her partner, if he is an employee as referred to in Article 3:6, shall be entitled to the remainder of the maternity leave with retention of salary.
- 2 For the purposes of this chapter, regarded as partner shall be persons who:
 - a at the time of the mother's death was married or had entered into a registered partnership with her; or
 - b has recognised the child.
- 3 The length of the remaining maternity leave shall be calculated in accordance with Article 3:1, third and fifth paragraphs.
- 4 The partner, who is an employee as referred to in Article 3:6, is also entitled to leave with retention of salary if the child's mother was a woman regarded as equivalent to a female employee as referred to in Article 3:6, a self-employed person or a professional on a contract of employment as referred to in Article 3:17, first paragraph, or was not entitled to maternity leave or a payment as referred to in Section 2 of Chapter 3.
- 5 The employer may on the grounds of the first or fourth paragraph charge the salary paid

within six weeks of the end of the remaining maternity leave to the Implementing Institute for Employee Insurance. The employer shall provide the institute with a copy of the child's birth certificate and the mother's death certificate. The salary shall be paid by the Implementing Institute for Employee Insurance to the employer without a decision to that effect, if it can reasonably be assumed that no decision is required.

- 6 If the mother was an equivalent to a female employee, self-employed or a professional on a contract of employment, the period of leave shall be equated with the length of remaining entitlement to payment, as referred to in section 2 of Chapter 3. If the mother was not entitled to maternity leave or a payment as referred to in section 2 of chapter 3, the partner's leave shall end ten weeks after the date on which the child was born. Article 3:1, fifth paragraph, applies mutatis mutandis.
- 7 The partner shall notify the employer of the death of the mother and that the leave is being taken no later than the second day following her death. The partner shall provide the employer with a copy of the child's birth certificate and the mother's death certificate within four weeks of the death of the mother.

Section 3:2 **Leave for adoption**

- 1 Employees are entitled to leave without pay when adopting a child.
- 2 The entitlement to leave for adoption comprises twenty-six weeks, with no more than four consecutive weeks to be taken at a time. The right to leave arises four weeks prior to the first day on which the child has moved in or will move in, as indicated in a document which the employee is required to submit to the employer showing that the employee is adopting a child.
- 3 If the employee has two or more children move in at the same time pursuant to a single adoption application, the right to leave exists for one child only.
- 4 In derogation from the second paragraph, first sentence, the employee may ask the employer to spread the leave over a period of twenty-six weeks. The employer may deny this request, if serious business interest so dictate.
- 5 The first, second and third paragraphs and Sections 3:3 (2), 3:4 and 3:5 apply equally to employees who are adopting a foster child as referred to in Section 5:1 (2) (d).

Section 3:8 **Right to pregnancy benefit and maternity pay for women regarded as equivalent to female employees**

- 1 Women regarded as equivalent to female employees are entitled to pregnancy benefit and maternity pay for no less than sixteen weeks, as provided for in the second and third paragraphs.
- 2 The right to pregnancy benefit arises six weeks prior to the day after the due date, as indicated in a written statement from a physician or midwife to be submitted to the employer, and continues up to and including the date of giving birth. If the female worker so wishes, the right to pregnancy benefit may begin on a later date, but not later than four weeks prior to the day after the due date.

- 3 The right to maternity pay begins on the day after the date of giving birth and continues for ten consecutive weeks plus the remaining number of days for which no pregnancy benefit was received in the six-week period preceding the earlier of the due date and the actual date of giving birth.
- 4 For the purposes of the third paragraph, the days on which the female worker received sick pay in the period during which she was entitled to, but did not receive, pregnancy benefit are regarded as days for which she received pregnancy benefit.
- 5 If a child is admitted to hospital because of his medical condition during the maternity leave, the maternity leave shall be extended by the number of days the child spent in the hospital, to be calculated from the eighth day after admission up to and including the final day of entitlement to the benefit, with a maximum of ten weeks. The extension of maternity leave referred to in the first sentence applies solely to the extent that the hospital admission lasts longer than the number of days by which the maternity leave is extended as a result of the actual date of birth on the grounds of the third paragraph.
[...]

Section 4:1 **Emergency and other short-term leave**

- 1 Employees are entitled to leave on full pay for a short period of time to be determined in fairness if they are unable to perform their duties due to:
 - a unforeseen circumstances that require an immediate interruption of the work
 - b very special personal circumstances;
 - c an obligation imposed by law or the government for which they receive no financial compensation and which they cannot perform in their own free time;
 - d exercising their right to vote.
- 2 Very special personal circumstances include without limitation:
 - a the employee's wife, domestic partner or cohabiting partner giving birth;
 - b the death and funeral of any of the employee's home sharers or relatives by blood or marriage in the direct line or to the second degree in the collateral line.
 - c visits by the employee to the hospital or a doctor that are urgent, unforeseen or cannot reasonably be arranged outside working hours or the need to accompany the persons referred to in Article 5:1;
 - d essential care on the first day of illness of the persons referred to in Article 5:1.
[...]

Section 5:1 **Short-term care leave**

- 1 Employees are entitled to leave to provide necessary care in connection with the illness of any person as referred to in the second paragraph.
- 2 A person as referred to in the first paragraph means:
 - a the employee's spouse, domestic partner or cohabiting partner;
 - b a child of the employee who lives at home with the employee;
 - c a child of the employee's spouse, domestic partner or cohabiting partner who lives at home with the employee;
 - d a foster child who, according to the municipal basic records, lives at the same address as

- the employee and is being cared for and raised as part of the employee's family on a long-term basis under a foster contract as referred to in Section 22 (1) of the Youth Care Act (Wet op de jeugdzorg);
- e a first-degree blood relative, not being a child.
 - f a person who, without there being any labour relationship, is a member of the employee's household; or
 - g a person with whom the employee has a social relationship, to the extent that the care to be provided arises directly from the relationship and should reasonably be provided by the employee.

Section 5:2 Duration of short-term leave

Leave consists of no more than twice the weekly working hours in any period of twelve consecutive months. The twelve-month period starts on the first day of leave.

APPENDIX P

Extra-Statutory Unemployment Benefits Scheme for University Medical Centres (BWUMC)

Foreword

In the Agreement on a Cao UMC 2015-2017 of 9 July 2015 (15.7537) the parties agreed as follows:

"Parties agree to retain Appendix P of the cao for all UMCs. This appendix will be supplemented as follows:

- the total work history shall apply for determining the accrual and duration of the unemployment benefit.
- the maximum duration of the WW and WGA shall remain at 38 months, on the basis of accrual and duration of the total work history (1 month for each year worked).
- The extra-statutory agreements in Appendix P shall also be retained for the private UMCs.
- During the term of this cao, the employees shall not be asked for a contribution towards the reparation of unemployment benefit claims"

The parties will flesh out the details of these provisions during the term of this cao.

CHAPTER 1 DEFINITIONS

Article 1.1 General definitions

Unless otherwise provided for in this scheme, the definitions used in the CAO UMC apply equally to this scheme.

Article 1.2 Definitions in the BWUMC

In this scheme:

Employee means anyone who has or had an employment contract with a UMC;

CAO means the Collective Agreement for University Medical Centres (CAO UMC);

period of service means the period during which the employee was employed by a UMC, including any years of service with a legal predecessor.

The time preceding a consecutive period of more than 14 months during which the employee was not so employed will not count towards the employee's period of service. Any period immediately preceding unemployment during which the employee was entitled to benefit under the Sickness Benefits Act (ZW), the Disablement Benefits Act (WAO) or the Work and Income according to Labour Capacity Act (WIA), calculated at an incapacity percentage of at least 80%, or any other benefit similar in scope or nature, will not count towards the 14-month period referred to in the previous full sentence;

WW daily wage: the daily wage for unemployment benefit purposes.

uncapped daily wage: the WW daily wage in respect of which the cap provided for in Section 17 (1) of the Social Security Funding Act (*Wet financiering sociale verzekeringen*) is disregarded.

CHAPTER 2 SUPPLEMENTARY BENEFIT AND FOLLOW-ON BENEFIT

Article 2.1 Supplementary benefit

- 1 Employees who are entitled to unemployment (WW) benefit and whose uncapped daily wage exceeds the WW daily wage are also entitled to supplementary benefit.
- 2 Supplementary benefit consists of a certain percentage per day, i.e. the unemployment benefit percentage, calculated over the amount by which the uncapped daily wage exceeds the WW daily wage.
- 3 In the event of partial unemployment, supplementary benefit will be prorated similar to unemployment benefit.
- 4 Supplementary benefit ends and resumes on the same conditions and to the same extent as does unemployment benefit.

Article 2.2 Illness, pregnancy and childbirth

If an employee, as referred to in Article 2.1, becomes entitled to sick pay or to pregnancy benefit or maternity pay under Section 3:8 of the Work and Care Act whilst receiving unemployment benefit or in lieu of unemployment benefit, the employee is also entitled to supplementary benefit for the period covered by the Sickness Benefits Act or, as the case may be, the Work and Care Act.

Article 2.3 Follow-on benefit

- 1 Employees on a permanent contract who become unemployed and had a minimum of five years of service on the first day of unemployment are entitled to follow-on benefit after their unemployment benefit ends.
- 2 They are entitled to one month's follow-on benefit for each full year of service.
- 3 However, if the employee, as referred to in the first paragraph, was aged 55 or over and had a minimum of 10 years of service on the first day of unemployment, the employee is entitled to follow-on benefit until the first day of the month in which he or she reaches the age of 65. From 1 January 2014, the right to follow-on benefit will exist until the day when the employee reaches state pension age; this also applies to follow-on benefits granted before 1 January 2014 and continuing after that date.
- 4 Until 1 January 2015, the phrase "aged 55 or over on the first day of unemployment" in the first full sentence of the preceding paragraph must be read as saying: "aged 54 or over on the first day of unemployment".
- 5 Follow-on benefit amounts to 70% of the uncapped daily wage per day, subject to a maximum of 70% of the uncapped daily wage calculated over the maximum amount shown in salary scale 12, as included in Appendix A-1 to the CAO, plus hoparagraphay pay.
- 6 In the event of partial unemployment, follow-on benefit will be prorated similar to unemployment benefit.
- 7 Follow-on benefit ends and resumes on to the same conditions and to the same extent as does unemployment benefit. However, in the event of illness, follow-on benefit will continue unless its duration has expired.

- 8 Similar to unemployment benefit, if the right to follow-on benefit is interrupted, the end date is postponed.
- 9 As long as the employee is entitled to follow-on benefit and to any other statutory or extra-statutory benefit at the same time for the same working hours, the follow-on benefit will serve as a supplement up to the level which would apply if there was no such concurrence.

Article 2.4 Indexation

- 1 Supplementary benefit and follow-on benefit will be index-linked to any general pay rise provided for in the CAO.
- 2 Benefit claimants will be so notified by the governing board or the designated social security agency.

Article 2.5 How to apply for supplementary benefit and follow-on benefit

- 1 The provisions on how to apply for unemployment benefit as set out in the Unemployment Benefits Act, including the obligations and sanctions regime, also govern supplementary and follow-on benefits, except for the penalty provisions.
- 2 If an employee is entitled to benefit under the Sickness Benefits Act or the Work and Care Act, the corresponding provisions in those Acts apply instead of the provisions in the Unemployment Benefits Act.
- 3 The employee must provide the governing board or the designated social security agency with a copy of the UWV's decision on the application for benefit under the Unemployment Benefits Act, Sickness Benefits Act or Work and Care Act, and with all other information concerning unemployment benefit, sick pay or benefits under the Work and Care Act.

Article 2.6 Payment of supplementary benefit and follow-on benefit

- 1 The provisions on the payment and clawback of benefits under the Unemployment Benefits Act also apply to supplementary and follow-on benefits, it being understood that if the benefit comprises only a minimal amount, this will be no reason not to pay the benefit.
- 2 If an employee is entitled to benefit under the Sickness Benefits Act or the Work and Care Act, the corresponding provisions in those Acts apply instead of the provisions in the Unemployment Benefits Act.

Article 2.7 Benefits for cross-border workers

- 1 If, in connection with Article 65 (2) of EC Regulation 883/2004, an employee is not entitled to unemployment benefit because he or she is living outside the Netherlands, the employee is entitled to supplementary benefit for the period referred to in paragraph 3, as long as he or she is entitled to statutory unemployment benefit in the host country and that benefit is lower than the unemployment benefit and supplementary benefit which he or she would receive in the Netherlands.
- 2 The employee is entitled to follow-on benefit from the time when the statutory unemployment benefit in the host country ends, until the end of the duration of the benefit as referred to in paragraph 3.

- 3 The amount and duration of the employee's benefit are equal to the unemployment benefit part and the extra-statutory part. The statutory benefit to which the employee is entitled over the same period in the host country will be deducted from this amount.
- 4 Article 2.2. also applies if the employee is entitled to statutory sick pay, pregnancy benefit or maternity pay in the host country whilst receiving or in lieu of statutory unemployment benefit. Application of Article 2.2 will not exceed the maximum duration of the corresponding Dutch benefit.
- 5 The obligations and sanctions regime provided for in the Unemployment Benefits Act also apply to the benefits referred to in this article. In the event stated in paragraph 4, the obligations and sanctions regime provided for in the Sickness Benefits Act and the Work and Care Act, respectively, apply instead of the provisions of the Unemployment Benefits Act.
- 6 The employee must also immediately provide the employer, or the social security agency designated by the employer, with all such information as the employee should reasonably understand may affect the benefits received on the basis of this article.

Article 2.8 Death benefit

- 1 As soon as possible after the death of an employee who was entitled to supplementary benefit or follow-on benefit, the employee's surviving dependants, as referred to in the relevant provisions of the CAO, will be paid a one-off death benefit.
- 2 Death benefit amounts to 3 months' statutory and extra-statutory benefit at the level applicable on the day before the day of death. If there is also a right to death benefit under a statutory scheme, such benefit will be deducted from the death benefit paid under this article.
- 3 Any debt owed by the employee for unduly paid benefit amounts under this scheme may be set off against the death benefit.
- 4 If there are no surviving dependants, the employer may pay an amount not exceeding the benefit referred to in the first paragraph to anyone who can show that they have incurred costs in connection with the employee's last illness or funeral and cannot recover those costs from the estate.

CHAPTER 3 SCHEMES AVAILABLE TO ENABLE REINTEGRATION

Article 3.1 Wage supplement

- 1 Employees who are entitled to unemployment benefit or follow-on benefit and who have accepted new employment are entitled to a wage supplement if:
 - a the new employment involves an employment contract, an appointment as a civil servant or a similar employment relationship under foreign law, and
 - b the new employment involves an uncapped daily wage below the uncapped daily wage of the employee's benefit, and
 - c the new employment involves at least 60% of the number of weekly hours for which the employee was entitled to benefit.
- 2 The first paragraph also applies if the employee is not entitled to unemployment benefit or

follow-on benefit, but would have been so entitled if he had not accepted new employment. The wage supplement will then be based on the unemployment benefit and follow-on benefit to which he would have been entitled immediately after his loss of working hours as an employee.

- 3 There is no right to a wage supplement if the employee was refused unemployment benefit wholly and permanently or, in the event of the second paragraph, would have been refused unemployment benefit wholly and permanently.
- 4 The right to a wage supplement ends:
 - a as soon as the employee ceases to meet the conditions for granting a wage supplement;
 - b as soon as the employee ceases to be entitled to the payment of wages in his new employment.
- 5 The right to a wage supplement resumes as soon as the employee again meets the conditions for granting a wage supplement. In the event of concurring rights to wage supplements under this scheme, the highest wage supplement only will be paid.
- 6 Wage supplements will continue to be paid until no later than the end of the duration of unemployment benefit and follow-on benefit applicable at the start of the new position.
- 7 The wage supplement per calendar month is set at 21.75 times the uncapped daily wage on the basis of which the benefit was calculated less 21.75 times the uncapped daily wage for the new employment. The wage supplements will be prorated if:
 - a the new employment is less than full-time and involves an average number of hours smaller than the number of hours on which the benefit entitlement is based; or
 - b the right to a wage supplement does not cover the full calendar month.
- 8 The wage supplement will be based on the full wage agreed for the new employment, even if the employee is paid less.
- 9 Any wage supplements under a different scheme, or benefits similar to a wage supplement, will be deducted from the wage supplement.
- 10 Wage supplements are paid monthly in arrears. The wage supplements are subject to the provisions on the clawback of unduly paid benefit amounts under the Unemployment Benefits Act.
- 11 An employee wishing to receive a wage supplement must:
 - a apply for a wage supplement within three months of the right to a wage supplement arising;
 - b when asked and in the manner indicated, provide the designated social security agency with all such information as it considers necessary to establish the right to a wage supplement and check the legitimacy of the payments;
 - c of his own accord, notify the designated social security agency of all facts and circumstances which the employee should reasonably understand may affect his entitlement to a wage supplement;
 - d if the new job does not constitute suitable employment for the employee and the employer has imposed such an obligation on the employee, accept suitable employment with higher wages when offered to him.
- 12 If the employee fails to meet his obligations, the employer may refuse to pay all or any part of the wage supplement temporarily or permanently.
- 13 The wage supplements will not count towards the pensionable income.

Article 3.2 **Guarantee benefit when losing new job**

- 1 A guarantee benefit is available to:
 - a employees who were entitled to supplementary benefit or follow-on benefit and who, after accepting new employment, become unemployed again and acquire a new right to unemployment benefit;
 - b employees who were not entitled to supplementary benefit or follow-on benefit, but who would have had that right if they had not accepted new employment, and who become unemployed within four years of their loss of working hours as an employee and, on that basis, are entitled to unemployment benefit.
- 2 The guarantee benefit means that supplementary benefit and follow-on benefit will revive at the start of the new unemployment benefit, insofar as their duration has not been used up. If the employee was entitled to follow-on benefit only but was never paid this benefit, follow-on benefit will commence after expiry of the unused duration of the old unemployment benefit to which the follow-on benefit entitlement was linked.
- 3 The right to a guarantee benefit also exists if the employee is entitled to sick pay under the Sickness Benefits Act or to pregnancy benefit and maternity pay under the Work and Care Act at the end of his new employment, and a new right to unemployment benefit would have arisen if the employee had not been ill or pregnant or had not given birth.
- 4 There is no right to a guarantee benefit if the supplementary benefit or follow-on benefit was refused wholly and permanently or, in the event of paragraph 1 (b), would have been refused wholly and permanently.
- 5 As long as the employee is entitled to a guarantee benefit and to any other statutory or extra-statutory benefit at the same time and for the same working hours, the guarantee benefit will serve as a supplement up to the level which would apply if there was no such concurrence.

Article 3.3 **Commutation**

- 1 Employees who are entitled to follow-on benefit may ask the governing board to commute their benefit into a lump-sum payment in lieu of the remaining benefit duration.
- 2 If the governing board agrees to do so, on conditions to be agreed at that time, the employee will no longer have any rights under this scheme from the effective date of commutation.

Article 3.4 **Contribution towards removal expenses**

- 1 If an employee is entitled to supplementary benefit or follow-on benefit and accepts new paid employment elsewhere or starts up a business and is required to move house as a result, the employee is entitled to a contribution towards the removal expenses in accordance with the relevant provisions in the CAO.
- 2 The contribution referred to in the previous paragraph will not be paid until the employee has actually moved house.
- 3 If the employee is entitled to a contribution towards his removal expenses in connection with his new activities on any other basis, that contribution will be deducted from the amount to which the employee is entitled under the first paragraph.

CHAPTER 4 FINAL PROVISIONS

Article 4.1 **Amendments to this scheme in the event of unfavourable changes to the Unemployment Benefits Act**

If the level of unemployment benefit under the Unemployment Benefits Act undergoes a general downward change, the downward change will be applied accordingly to the sum total of the employee's statutory and extra-statutory benefit entitlements, from the effective date of the measure as published in the Bulletin of Acts, Orders and Decrees (*Staatsblad*), but no earlier than six months after the date of the Bulletin, unless the parties reach agreement within six months of the date of the Bulletin in which the measure was published.

Article 4.2 **Transitional provision**

The table below shows the duration of follow-on benefit for employees who had a minimum of 9 years of service on 1 October 2006 and who became unemployed at the age of 50 to 54 in the period from 1 October 2006 until 30 September 2010 and who are entitled to follow-on benefit.

Age on 1st day of unemployment	Years of service on 1 October 2006	Duration of follow-on benefit
50 or 51	9 to 12 years inclusive	33 months
52 or 53	9 to 12 years inclusive	30% of the duration of the period between the end date of unemployment benefit and the 1st of the month in which the employee reaches the age of 65
50 to 53 inclusive	13 to 19 years inclusive	40% of the duration of the period between the end date of unemployment benefit and the 1st of the month in which the employee reaches the age of 65
50 to 53 inclusive	20 years or more	50% of the duration of the period between the end date of unemployment benefit and the 1st of the month in which the employee reaches the age of 65

Article 4.3 **Effective date**

This scheme came into force on 1 July 2008 and was last amended on 1 April 2013.

Article 4.4 **Short title**

This scheme may be cited as the Extra-Statutory Unemployment Benefits Scheme for University Medical Centres (BWUMC).

The government abolished the statutory basis of life-course savings schemes from 1 January 2012. Transitional provisions apply until 1 January 2022 for employees who accrued a balance of at least EUR 3,000 at 31 December 2011. They may:

- 1 either withdraw the entire balance as a lump sum in 2013,
 - 2 or withdraw the balance in instalments during the term of the transitional scheme.
- Employees who meet the conditions of the transitional scheme and choose option 2 are free to withdraw the balance at any time for any purpose whatsoever. Employees may continue saving until 31 December 2021, i.e. the expiry date of the transitional scheme. On that date, the balance or what remains of it will be released as a lump sum.

This appendix includes the provisions from the CAO UMC 2011-2013 relating to the life-course savings scheme. These articles only apply to employees who are still using the life-course savings scheme and who are subject to the statutory transitional period.
